STATEMENT OF ECONOMIC RESOURCES

(For use in Referrals for Public Assistance)

The following list must be filled in by the responsible head of each family unit (family unit as defined in Administrative Menual 30.4.53), and must account for the resources of every member of the family unit.

The best mothod of determining the value of any unit of property is to decide the price which would be asked for it if it were to be put up for sale. However, all available indexes should be applied to each and every unit, such as date and price of purchase, dates and amounts of assessments and taxes, appraisals, costs, ages and conditions of improvements, availability and feasibility for utilization, etc.

Additional paper may be attached for describing such conditions and unusual property circumstances or holdings.

An entry must be made for each of the 10 classes of property. If no property of a class is owned the entry should be "none."

Class No.	Property Type	Value	in Dollars
1.	Bullion, currency, and deposits	4	20.00
5	Financial securities		none
, 3	Notes and drafts; debts to and claims by each member		none
4	Miscellaneous personal property; personal property liens		none
5	Real property; mortgages; other rights to land		none
6	Patents, trade-marks, copyrights; franchises		none
7	Estates and trusts		none
8	Partnership and profit-sharing agreement	1 1 1 1	none
9	Insurance policies; annuities		none

	INDEBTEDNESS TYPE:

STATEMENT TO BE SIGNED

I have shown by the above my best estimate of the value of all the securities, property and liabilities owned or obligated by my family and me. I understand that the value and use of these holdings may be considered in determining the eligibility of my family and me for public assistance
