

## Minidoka Concentration Camp

This map was created by John David Wilson using ArcGIS Pro. The base map is the USGS "The National Map". The following were georeferenced to the base map to create features in their correct locations: the 1946 USGS aerial photo of the camp, US Bureau of Reclamation as-built drawing "Lateral 21.3 Location and Farm Units Served by Lat 21.3, Minidoka Relocation Project" - February 21, 1944, and WRA as-built drawing "Exhibit No B-1, WRA Construction and Remodeling, War Relocation Authority, Minidoka War Relocation Center" - date of last completed item on lists of construction and remodeling: July 1945.

The extension of Lateral 21 to the North Side Main Canal occurred sometime after the camp closure.

Please refer to the following for block numbers and locations of other features: "Exhibit No B-1" mentioned above, US Engineer Office Portland Oregon District drawings "Minidoka Relocation Area General Plan 1 and General Plan 2 - March 16, 1943, and Electrical Distribution Detail Layout A-3a and A3-b" - December 15, 1942.
