Dear Tom -

The senior year at any high school is the most memorial and enjoyable and best year of any year at school - and that goes for Seattle Hi, too. I've just gotten to know you during our senior year, and it's been grand fun. Hoping our friendships continues, may I wish you all the luck in your coming adventures, especially in the field for higher education.

God, don't I sound like an animal? !!! P/s I still think S.B. is better than S.M. or even S. Haven!

Just,  
Matt
