THE ROAD LEADS ON

The road that we have come is closed and guarded;
God closes it behind us as we go.
The heart clings closely to the things discarded.
But God says: "Onward, life must move and grow"

We might turn back and tear away the fences,
Retrieve the things of dear, remembered days;
But we would find dead husks to feed our senses
As the reward for all our rebel ways.

The road leads on. That is the one direction
In which God keeps it open for our tread
Fatal is any turning or deflection.
Our shining destinies are all ahead.
--Clarence Edwin Flynn--

PAPERS DELAYED

The S. S. papers, which are mailed weekly to those relocated in rural areas have been delayed due to exhaustion of stock at the publishing house. As soon as they come we will mail copies to you. The Baptist Young People's paper will be sent this quarter.

If there are any subscribers to the Herald who do not have access to religious literature, please let us know so that we may send copies on to you.

SAWTOOTH BECKONS

Have you ever had the thrill of gathering around a blazing campfire with a blanket around you to shield you from the penetrating cold and the twinkling stars right over you? Have you ever enjoyed swimming in a hot mineral water swimming pool? Or have you ever felt the strike of a mountain trout as it took your bait?

These things are in store for you at the Sawtooth Assemblies. Scholarships available. Please see the pastor or come to the Church Office - 22-1-D.

Wifey: "Look, dear. The paper says this woman war worker is suing for \$1,000 for the loss of a thumb. Isn't that an awful lot to ask for a thumb?"

Hubby: "Oh, well, it's probably the one she kept her husband under."

ATTEND YOUR CHURCH!!!

HERE AND THERE

Jamieson, Oregon

"I appreciate your sending me the church papers. You don't know how much it means to me out here because it is lonesome. We work every day, so there isn't even going to church to look forward to."

Fukiko Arakawa

Detroit, Michigan

"Tad Muraoka is always on the go. He is doing a splendid job out here and busy as a bee. He's helped us out in getting adjusted. I am working at the Borden's Ice Cream plant. It keeps us cool!...Regards to all."

Pilola Tomita

Portland, Oregon

"The weather is pleasant. American are all nice to us. You walk any place you want to and no-one ever notices you....I'm going to work at Fred Myer's Chain Store."

Charles Uyeda

Chicago, Illinois

"I've found Chicago very satisfactory, except for the weather. I've heard so much of discrimination while in camp but out here people seem so friendly that I just can't believe we're engaged in war. I'm getting along very well in my work and the future looks very promising."

Hiroshi Teshirogi

Veteran's Hospital, Walla Walla, Wash.

"I am doing very well, but it will be some time before I'll be home. I am praying and trusting in God and am sure that everything will be all right in the end."
