

Dec 6 - 42.

Dear Frances:-

Thanks for the paper. I read it from cover to cover. I remember the artist, and enjoyed the article very much.

Don't think you are so bad off - our school days are cut from 9 to 2<sup>30</sup>. When do we study that is the question on all our minds. The schools are changing daily.

We will have graduation  
but no journal. Just a  
scrap book of senior  
pictures for the seniors  
themselves. Maybe a  
senior play and a  
senior dance. Thirty-  
five minutes to a class  
and there are so many  
broken days.

This year we had  
our vacation two  
weeks before Xmas  
and then closed  
for New Year's Day.  
This term will end

January 29th. Will I be  
glad - I have never hated  
teaching as I have this  
year.

So many of our boys have  
gone to war or are going  
before long. Personally I  
wish all the people who  
want wars should be  
put on an island and  
be allowed to fight all  
they wanted to - without

any food or connection  
subnt the outside world.

We dont seem to get  
any where with wars.

Imiss you all very  
much - and enjoy  
hearing from you all.

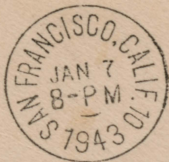

Be a good little girl  
so when all this trouble  
is over we can return  
and as the story book  
says, "live happily  
ever after."

Lovv always

Florence Gastrey

Thanks Xmas card.
