Dearest Mary:

Can't tell you how distressed I am with your news, and hope you'll excuse my eagerness to get off John Emman's phone. Even though I'll pay for the call when the bill comes in, he's very persnickety.

I think it's terrific you made the decision you did about St. Crix. I love, love, love

the Caribbean and know that  
even if all you want is a good  
rest (and you may get more - who  
knows?) you will have a ball.  
It is just so beautiful.

I hope you get a terrific  
rest, and that the incredible  
air reverses some of the damage  
on your lungs. Then next summer  
you must really plan to get  
away even if it means going to  
Jones beach for the day. Or  
better still spending some time  
mid-week (when they're less  
expensive) at Fire-Island!

Have a wonderful vaca-  
tion - you really deserve it.

Affect. mately,

Rosemary
