The following certification must be filled out and signed by the ration holder at the time this Delivery Record is presented to his Board.

I CERTIFY that the "E" and "R" coupons and other evidences recorded above and on any supplier delivery tickets presented with this record were transferred by me in exchange for gasoline and that this gasoline was acquired and used in accordance with regulations of the OPA.

I have on hand "E" and "R" coupons worth _____ gallons* SIGN HERE _____ (Name) _____ (Date)

A FALSE CERTIFICATION IS A CRIMINAL OFFENSE

*The gallonage value of "E" and "R" coupons on hand plus the gallonage value of "E" and "R" coupons collected by your supplier (as shown in column (d) above) should equal the "Total value 'E' and 'R' coupons to be accounted for" as shown on the other side of this form. If, when presenting this Delivery Record to your Board, these figures are not the same, explain the difference in the blank space on the other side of this form.

INSTRUCTIONS

This Delivery Record (and any delivery tickets covering deliveries not shown on the record) must be presented to your War Price and Rationing Board with your next application or request for nonhighway gasoline ration.

Your supplier must fill in the required information on the other side of this Record for every bulk delivery of gasoline which he makes to you whether the delivery is made on your premises, at a service station or bulk plant. Check all his entries for correctness.

If deliveries are made at a time when this Record is not available, you must obtain a delivery ticket from your supplier showing the same information as is required on the other side of this form.

If this Delivery Record is lost, stolen, or destroyed, application for replacement should be made to your Board immediately.

When this Delivery Record is filled, you may secure an additional one by writing to your Board, whose address appears below, or by calling for it in person.

DO NOT WRITE IN SPACE WITHIN HEAVY LINES BELOW

GASOLINE (and other petroleum products) takes half the cargo space of ships bearing supplies to the fighting fronts. GASOLINE POWERS THE ATTACK. Rationing protects the gasoline supply. Play square with rationing.
