LET'S HAVE A UNIQUE OPPORTUNITY,
TABLE D'HOTE ON TYPICAL JAPANESE DISHES!!
Japanese people are very aesthetic. Their artistic
temperament adds decorative features to Japanese
cooking. On every meal, the foods are carefully
arranged in shape and color. "We Japanese eat foods
not by our mouth but our eyes." And, also, the dishes
play a very important part for this. Designs of dishes
are usually very simple so as not to contradict the
beauty of the foods

Enjoy your meal with your tongue and eyes!
