Dear Dr. Sakura:

The title of our symposium will be "The Internment of Japanese Americans: Individual Experience and Social Change."

I hope that your flight from the west coast arrives in time for you to participate in our panel. We would appreciate hearing your views on the impact of camp life on individuals and the community as a whole.

If it is possible, please meet us at Dean Toupin's home at 72 Professors Row on the Tufts campus, at 7:00, on Monday, Nov. 9. From there, we will proceed to the room for our program. If you come later, we will leave information on the room number and building so you can join us while in progress.

Again, thank you for your interest and we hope that you will be able to have you as a participant. If you wish to contact me, please call the History Department.

Sincerely,

Reed Ueda
Asst. Professor of History
