This morning I put the house in order then we got fixed up so we could be ready for callers. In the afternoon we expected callers, but nobody came because it was raining.

My mother had all kinds of Japanese New Year's eats fixed up, but as we had no visitors we had them for our dinner and supper. My but they were good.

About three o'clock in the afternoon Chiyo, Henry, and I had a party with my little dishes on the little table the children received for Christmas.

In our class we had only five today.

When I came home I read the Times paper then I read my Sunday School m paper. We had (dinner supper) then in the afternoon I read the magazine, prit the X mas decorations away then it was time for supper.

I started from home at eight o'clock but two cars came from down town and it was a long time before any cars went down town. At last I started off.

But, what should happen, but a truck got right in front of the car and could not get out because the mud was so thick. The wheels went round and round without moving the truck. The inspector came and put

Notes for 1917

Miss Ewing's address:
3-182 Kogaicho
Azabu Tokyo Japan.

In the year 1917. three things I am going to try to do are,

1. Reading the Bible, daily.
2. Not neglect letter writing.
3. Not quarrel with my brother and sister.

multiplied rapidly and
if we let them alone
some would destroy people
by giving people dis-ses. Some
germs were good to have in
the world. A germ in
two days would multiply
into 281,500,000 or I forgot
maybe 281,500,200,000 germs.
Every thing he told us
were interesting and I
have forgotten some.
The other recitations for
the day was just the
same as every other day.
When I arrived home
which was pretty late
I did some ironing then

I took care of the baby.
After supper I studied my
lessons then I read the
paper and went to bed.

the visitors came in. They
were all ladies and when
they heard about the
mouse one ran up on
the chair one on a couch
and one got on the table.
The young man's sister
came and she too got
scared and climbed the
piano stool. She almost
fell off and last last
she got an idea and
said lets scream and
you pound on the floor.
To the young man. The

began and all ran out of the room except the girl and man. The man said he had only done the mouse trick to see if she would get frightened. She got provoked and tried to take her engagement ring off. She was so stubborn she would not get off and was still scared. The man offered to carry her out but the girl refused. At last they made up and the play ended. It was acted fine and was so funny the way they screamed that I enjoyed it very much.

After supper Mr. and Mrs. Honda went home. My mother and I went to church. A man who had been a missionary in Japan for 22 years told the costums of the people and his experinces. Most everything he said was true but some of it was not. Anyway it was very interesting. When we came home I studied and went to bed.

Oh! but it was grand! Down below was the houses and ~~it~~ they looked real small. The mountain we saw way off was up above the clouds and it looked just like an island. In the other direction was many beautiful mountain all tinted in dibberent colors.

As we walked along the

top we came to a tiny hill and on it was built and kind of summer house. We rested there and enjoyed the scenery. Coming down we went on the regular road.

First we went to the inn on top of the mountain. As we came down we ~~went~~ picked flowers and ferns. I got some peach blossoms which are real pretty.

When we came to a inn farther down we got some candy then we went on to the carline. We were all tired out and after we got off the car we had to walked a long ways. There were twelve of us that went and we certainly had fun. I would like to go again sometime.

around the ~~neck~~. We marched around by twos singing Onward Christian Soldiers.

We paused in front of the audience and sang hymns and there was scripture reading and preaching and prayer. We had a

pretty good time.

After that my mother went to visit a lady who had come home from Japan so the children and my ~~mo~~ father and my self went to a Japanese restaurant. We spent lots of money there we were pretty extravagant.

Next we went to the mission and met my mother there.

During the service we got sleepy so we went outside and Mr. Mori was there. He took us for a ride twice and it was fun.

After the service we went home.

four hours to pass by. What I enjoyed very much were the bands. There were about twenty-six bands, I am not sure just how many, maybe there were less than that. It was all nice but was very tiresome.

Some of the old Veterans were so funny. One man skipped along so funny that everyone laughed. A man that sat a little ways from us was always hollering something to the passing men. He was very amusing, also.

After the parade I went with my mother down town to get some fish.

When we came home we had supper.

In the evening I ~~to~~ read the Bible then I played and went to bed.

As I picked the package up to get off the tomatoes rolled out across ~~the~~ my lap and fell on the floor. It was so funny I had to laugh.

wetting all his clothes in the back. My mother took off his clothes and dried them. During this time she put baby's blanket around him.

Next we ate our lunch,

It was good and we were stuffed full. The games then continued on. Helen and I went to the tennis court and we learned to play a little. I played three four games of volley ball and I got all tired out. We jimped rope also and the women and men had a clothes pin race. We had scrambles took. There were a turtle race and a thread and needle race. Late in the afternoon they gave us ice-cream free. It was in cornicopias. They gave us second helping too. Soon it was time to go home and the trucks were soon loaded full. On the way home we had a good time.

It was ~~one~~ the best Sunday school picnic that I had gone to.

things and after a while went away. He appears to me a most ungentle manly, vulgar man.

We were most glad when he went.

After supper I read the paper, also the Bible, studied Japanese and Spanish and went to bed.
