We had a German test to-day and I received 96%. I only had two mistakes on my whole paper. The other subjects were as usual and in the afternoon we had sewing. During my study period I went to pose for a drawing class. I had to wear a Chinese costume with a head band around my hair and a fan in my hand held to shade half of my face. I also wore Chinese shoes. I wore them (the costume), over my dress so it was very hot and I nearly roasted. I stood on a chair and the class sketched me.

At home I swept some of the rooms, and soon we had supper.

I did my studying then read the Bible and went to bed. I received a letter from my cousin in Japan and my parents received some from relatives.

Our gym teacher to-day was absent so we stayed outside and played ball the whole period. We had sewing to-day and six girls had to take one sewing machine apiece and clean and oil it. I had one machine and it was fun to do it. We learned something new.

When I came home from school I washed the dishes and I also took care of the baby.

We had supper then I washed the dishes. I read the newspaper, read the Bible then went to bed.

Mother and I worked hard to finish our house work early. After we had lunch we rested for awhile. Then we got ready to go to town. It was awfully hot and my mother didn't feel like going but I wanted a new hat. We went to Hamburgers and there were some pretty plush tams. I got one of those and I was awfully glad. We got some stockings for my mother and me. At Bullocks I wanted some pretty stockings for Sunday and I got a pink pair. We went on a little further and I saw some pretty silk stockings which were slightly imperfect which made them almost the same price as the pink ones. These were white but of course I wanted silk stockings so I exchanged them. I was perfectly satisfied

We were excused early from Sunday school to-day so we could go to the Japanese church. Dr. Sturge had come from San Francisco and he was the speaker. He talked about "How to Get in Harmony with God. It was very interesting. After church we were going to eat our lunch then go to hear Billy Sunday. But baby and Henry behaved so restlessly in church that we thought we wouldn't go to-day, but would go next Friday. We went out to Exposition park and visited the museums. There certainly were some wonderful things, too numerous to describe. We rested on the grass then we walked to Mr. & Mrs Zaina's home. Their little boy had come back from Japan so we went, we stayed there for a while then we came home.

School began for the week again and our lessons were history, German, geometry, English, gym, and oral English. During class room period we were to elect a new chairman for two weeks. We had reserved seats and there was a large crowd of us. The whole tabernacle was full. My mother bought me a hymn book which had all the tabernacle songs in it. The singing of the choir was just fine and Rhodeheaver, the leader was grand. Billy Sunday himself was so interesting and his sermon was fine. After the service many of us marched up to shake hand with him and he was so nice. The whole service was interesting and I enjoyed it thoroughly.

In the morning I took baby to Mrs. Yamaoka's house to play with her little girl and stayed all forenoon. In the meantime my mother did all of the housework and when I came home we didn't have a thing to do.

We had an early supper and my father, Henry and I went to hear Billy Sunday. We had seats about the eighth or ninth from the back so we couldn't see very good. The singing was just fine and Billy Sunday was too but we couldn't understand him so well as we did Friday because we were too far back.

There were many stunts and everyone was so funny that many of the people almost were crying. Three big girls dressed so they looked like just small girls with a great big paper head on and they gave a dance. The play which came last was the most funniest thing. It was appropriate to Hallowe'en because a ghost appeared in the last scene. Everything was funny and we thoroughly enjoyed ourselves. We had refreshments also. sure

This was our quarterly meeting and when I got there the business part was over and they were having the social part. We all had a ride in an aeroplane. Each one was (con in July Cosh)

After I came home I did a little school work then I read a book. We had supper then I went to Y. P. A. This was missionary Sunday for the society. I also stayed to the preaching service.

We had supper then I washed the dishes. I read the newspaper, then I read the Bible and went to bed.

To-day the baby had a cold and he was feeling so bad that he wouldn't leave my mother at all and I did most of the house work although mother helped considerably.

After lunch I had to do the dusting and later I read a book. My mother couldn't leave the baby so I got supper all by myself. I boiled potatoes and made corn meal bread. After the dinner I just read a book, cut some magazines and enjoyed myself quietly. My mother, father, and Chiyo took naps. Altogether we spent a very good Thanksgiving day.

Mrs. Okagaki brought my mother a Japanese candy dish with candy in it and also two yards of corn colored silk to make a waist. It was awfully pretty. They stayed for about an hour.

A man was supposed to be lying down after a long journy and a little girl about three years old came up and kissed his eyes and forehead. It was very sweet and the little girl was so pretty. Soon Mrs. Leslie and the girls came back and we started for home. Only Mrs. Leslie and us girls went a-head. The others came lagging behind. Mrs. Leslie had to hurry home so Chrissie, Jessie, and I bought some ice cream and candy. At Virgil St. we met the other bunch. We were all tired and my feet were awfully sore but I finally got home. When I got home I just rested my-self. But everything put together I sure had a good time.

He placed an empty tubd on the floor and when he had said some words he opened it. Flags of all nations were pulled out of it and small flowers came popping out. He rolled the flags together then a large American flag appeared. Everyone clapped and as the band played the "Stars Spangled Banner", all the people stood up. That was the Best thing on the program. In the evening I played more in the sand and also enjoyed the coolness of the evening. About nine

o'clock we started back home in Mr. Hyland's auto. He was very kind to us. We had an awfully good time for it had been such a long time since we came to the beach last. We enjoyed the whole day because we had such a good place to stay at and a kind host. The ride to the beach was very pleasant.
