Dear Mom and Pop,

I received three of your letters today. One was marked the 17th of January. It was sent from Blodding to Meade.

The other two were written on the 25th and 26th. You didn't put my complete address on yet so it took a little time. You know my address now, so I'll probably get them more regularly now.

I wrote John a letter today. I hope he's OK.

KP today wasn't bad at all. We just washed dishes and mopped the floor.

I went to the PX tonight and bought some razor blades and such.

It was a little warmer today. I can't say I can compare it with Florida climate but it wasn't too bad.

We have new boots now. They're longer than the ones we had before and on top, there's two buckles instead of shoes string. It's pretty good.

I haven't too much to write today because we didn't do very much.

I'll write more tomorrow

Jad
