

Saturday
Evening

March 24, 1945

Dear Mom and Pop,

I didn't get any letters today. Very few came in.

I was on the gravel walk detail again today. We worked hard in the morning so we didn't have much to do in the afternoon. We just loafed around.

Boy, it sure was windy today. The dust was flying thick and fast.

Last night I stayed in the tent and read a magazine. There isn't very much to do around here.

I haven't very much to write about today so I'm making this letter short.

I hope you're getting my letters. I know yours will take a little time before it catches up with me.

Until the next time —

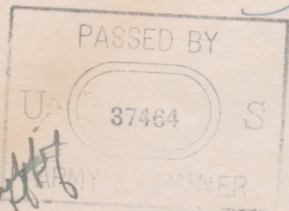

Jack
