

Saturday
Afternoon

March 31, 1945

Dear Mom and Pop,

We didn't do a thing today. We just loafed around.

I spent the morning reading in the day room and I did a little laundry too. In the afternoon, I spent a little time cleaning my rifle.

It's getting pretty warm in the afternoon these days. Boy, do I feel lazy after lunch. I just feel like lying in bed and that's just what I do.

We went to the movies last night. It was held in a big tent and we had to bring our own means of seating.

I haven't too much to write so I just wrote so you wouldn't worry.

I'll write more tomorrow

Paul
