Dear Moss and Top,

How's every little thing back home? I'm so tired of doing nothing that I sneaked off to town this afternoon. There was nothing doing there so my pal and I came back early. Since we're musicians, we don't have to work so we just take it easy. I'm living with Art Iguinjaki. He's the guy in the same picture with me. You know the one we're squatting together. He plays the clarinet.

I'm sending a request for something. I don't care what I get. Send me some magazines.

I REQUEST YOU TO SEND ME SOME MAGAZINES.

I don't have to much I write about because I don't do much. My main occupation right now is eat and sleep. We never get up for breakfast because it's too early (7:00 AM). We go to the kitchen late and get some coffee and eggs. The cooks are nice guys.

Jim going to the movies tonight.

Moe tomorrow
