Dear Mom and Pop,

I got my PX today. Got lots of stuff now. Now I'm waiting for payday.

I got some pictures (old) I had while I was still in Provisional company near Genoa.

It was my first pictures with the camera so some didn't come out good. I hope you like them. I still have one more roll to be printed. I'll send them as soon as it's finished. I got John and Chester and also Pak's picture.

I'm making the letter short. I don't have too much to write about. I go to class every day and that's about all.

Well, more tomorrow

Jack
