Dear Mom and Pop,

I went to Florence again yesterday with a fuddy. We took some pictures there and we looked all over the town. I did a little shopping too. I bought another bracelet. It's a cheap one but I thought it a novelty back home. It's mosaic. Little stones set in a small frame to make different patterns. If you don't like it, give it to Fuje. She might like it. It's nothing like the first one. It's real cheap stuff. I'll send it with the coins soon.

I'm sending some stamps for Pop.

I got paid today. It was \$58.60. The order didn't come yet for my \$10 raise so I'll have to wait, but I got my \$4 raise.

Well, this is about all for today so
more tomorrow —
