Dear Mom and Pop,

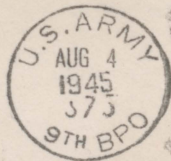

How's things going? I'm still doing the same old stuff every day. Not much fun. I go to the movies every night if I'm not in town.

I'm getting ^{your} letters so regularly. Some of the letters get here in five days.

The prisoners built frames for our tents and also floors. It's very nice now. I had a table made and also a small clothes closet. The closet is a frame sticking out from the side of the tent frame and it's covered with a large canvas. It keeps the dust out so I'm satisfied. Besides, these prisoners come in handy.

Well, this is all for today and
good ~~for~~ tomorrow
Joe
