Dear Mom and Pop,

Another day and the usual thing. Didn't do much today. We didn't have classes this afternoon because the captain was frog.

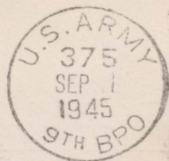

I read in the papers that by December, 90% of the GIs in ETO will be home. I hope so.

Gu, I don't know what to write about. I don't do anything different so life out here is pretty boring.

I guess this is a part all for now or more tomorrow
