Dear Mom and Pop,

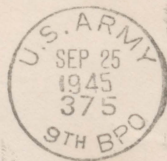

I found out why I didn't get your letters. The address I gave you is a old address for the remount so the letters never came. The orders I got was report to the old address so I naturally put that one on my mail. You just better deep writing to Service Company and they'll forward my letters. We're moving up to Pisa tomorrow so I'll be only 10 miles away from my company. I have two more weeks of school.

We went to town last night to see a movie at the MP station. It was "Sing Your Way Home". The picture was held in a Italian gymnasium. It was a good picture.

Well, this is about all so I'll write to you the day after tomorrow when we're at the other place.

Jack
