Dear Mom and Pop,

I just got a letter today. It was Oct 3<sup>rd</sup>. I'm glad you've reached San Francisco safely. Too bad you had a flat on the way. I hope the trip was interesting. Did you stop on the way at Reno?

You'll probably get the letter I've been writing from Aunt Joan pretty soon.

We went to Leghorn to see a show today. For dinner tonight we had Farfeguel pork. Boy, was it good. It reminded me of "chow shu".

Well, how do you like your new job. I hope everything turns out all right.

Just in case you didn't get my other letters, our APO is now 782.

I'm still at present waiting for my orders to return to service company. We're just loafing around all day.

I received a lot of old letters from you about four days ago. You said you bought a car and are going back on October 1st.

Just where is Cherry St? Tell me about where it is and how the house looks. After you look around SF, let me know ~~how~~ how things are.

If you have time, anytime, go see Bill Wehara and his family. They're address is 3043 SUMMIT ST

OAKLAND 9, CALIF.

Did you know that Kiyoshi Kawabata is going to UC again? Maybe you'll see him.

Well, this is all for today so  
~~no more~~
