Dear Mom and Pop,

Not much doing today. Just loafed around all day.

We're supposed to go back tomorrow if our orders come through. I don't care, I'm in no hurry. If we stay here we just loaf around anyway.

We're going to a movie tonight. We have shows every night here in camp. I don't know what's playing tonight. I hope it's something good.

Tomorrow if we don't go back I'll go to Pisa to do some shopping. I want to see if I can pick up some films. It's getting pretty hard to find them these days. All the soldiers want the same thing.

How's the car situation coming along? Did you find a car you want yet? If you're going back you better go before the weather gets bad and the roads get slippery.

2

If you go, be sure to let me know
and let me know after you get there
right away. I hope you can find a house
in California. It'd be nice to come home
to your own house anyway. After I
get back I want to take a little vacation
before I start school. I hope John goes
home the same time I do. He should
because he has the same number of points
I have.

If I go back to my company, I'm
going to try to go to school again if I'm
not too late. I want to buy and take
some science courses while I'm here.

Well crap for today. I'll finish this
letter tomorrow. I'm going to a movie
Will tomorrow
Jack

Dear Howard Pops,

Well, I'm still here at the resort.
Our orders didn't come in yet so we're
just loafing around waiting.

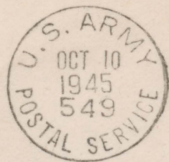

We went to a movie last night.
We saw "Kiss and Tell" with Shirley
Temple. It was a good show.

If we're not going today I think I'll
go to town (Lynchburg). I'll pick up my mail
on the way over.

There isn't much to write yet so
I'll write again tonight

Paul
