Dear Mom and Pop,

Well, they're ^{sup} pretty busy at the office. I made out the sick book, guard roster, took down reports and filed orders and made out passes to those who can get them this morning. We keep records of who goes on guard and passes so everyone gets a fair chance. Right now I'm pretty busy so the captain said to stay around until I get used to the job and then I could go to Switzerland. I'm busy but the job is easy so it's OK.

I'm getting your letters regularly now I got a letter today from you marked Oct 16.th

Well, I guess you heard by now that Bot is on the way home. He left about 3 days ago for Naples to catch a ship.

I hope you can find films so you can send me some snapshots.

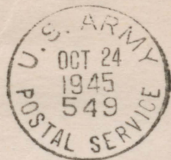

I really enjoy looking at them.

I went to a show last night.
The picture was "Captain Kidd." After
we came back we cooked some stew
on the stove in our tent. I had trouble
going to sleep after that.

Well, this is a part all for now
so more tomorrow
