Dear Mom and Pop,

I wasn't so busy today. Just loafed around the office and read magazines. Our first sergeant left for the States this morning. He's going to Monterey. He may come and see you. His name is Manaka.

We're having bad weather lately. It's been drizzling on and off for two days.

We're having a show tonight. It's "Over 21".

I don't have too much to write about. I wrote a letter to Aunt Tomi and Fuji. That's about all.

Well, more tomorrow
