Dear Mom and Pop,

I've been pretty busy here just few days. Not much time for myself. I did have time yesterday to go over and see John. We rode around in my truck for a couple of hours and we took some pictures.

This morning was the coldest we've had. When I went for the papers, I found ice in the water can, a very thin layer, though.

I'm getting your letters regularly so don't worry. It still takes longer than before but I get them so it's O.K.

Our puppy is growing up. She's really cute. You love the pictures as you know. Whenever we eat candy, she sits up and waves her paws up and down and jacks.

He seems to mind and like me the best  
because I feed her. Jiny's house broken so we  
don't have any trouble.

I'm sending a request for some magazines.  
I forgot if I sent one this week or not so  
I'm making sure.

I REQUEST TO SEND ME SOME  
MAGAZINES.

How's your new job. I hope it's all right  
there. I have the new address in several of your letters  
so don't worry.

Say hello to all our old friends.  
We write again tomorrow
