December 10, 1945

Dear Mom and Pop,

I have some time today so I thought I'd type another letter. I went after the movie for tonight. We're having "Abbott and Costello in Hollywood" and news shorts. We have movies three times a week on Monday, Wednesday, and Friday. I'm getting pretty good at running the movie projector. Once you learn it, it isn't so hard.

The weather today was very nice. It wasn't cloudy or cold. I hope it stays this way.

I told you I was going to go see John this afternoon but I didn't have enough time so I skipped it. I'll go see him some other time.

Service Company is going to have a Christmas party soon so the captain asked me to go up to the mountains and find a Christmas tree. Pretty good, I can take his jeep and take along a buddy and stay out all day.

Going to take a shower now so more tomorrow,

Tad
