Dear Mom and Pop,

I recieved two letters from you yesterday and a big package today. The package was the first big one I recieved from you. It contained two pairs of socks magazines, candy, and "tsuke mono". Thanks very much. Oh, yes I recieved the cap you sent me . It was the right size and every thing. The rain hood will come in handy these days. Thanks again.

Every time you write to me about the movies you saw, well, I saw them all-ready. We get our movies pretty quikkhere.

The weather has been pretty good these days. It isn't so cold as before. I guess you're not having very good weather in San Francisco, either. If I'm home I wouldn't compl'ain even if we had storms every day.

Well, tjis is about all for today so I'll write more tomorrow,
