Monday

Dear Mom and Pop,

I came back on Thursday night. We started back last Tuesday but had motor trouble so we left the boys at Venice and we (two of us) took the truck to ordinarance. It took two days to change the whole motor and when we got back to Venice we stayed another night and started the next morning.

I hope you didn't worry too much because I didn't write.

When I came back I had 19 letters from you and a package. The package had the jacket in it with many other things.

I'm glad you saw Bill. I guess it's best he went to some trade school. It must be nice to meet all our old friends in San Francisco again.

I'm sending a request because I  
didn't send one for a long time.

I REQUEST You To SEND Me  
SOME MAGAZINES & SOCKS.

Say will you send me some  
underwear. A couple will do. Thanks.

I'm going to have to inside of my  
jacket. I received tired with poplin  
than O.D. colored.

Well, this is about all for today  
So me, yours  
Ted
