Dear Mom and Pop,

Well, I went on the radio at 3:00 PM this afternoon. I was kind of nervous at the beginning but once I started out I was OK.

The topic today was "The Outlook for Germany". We spoke for half an hour.

I received two letters from you today. You said that you'll move to Boston place on May 15. I'll send my letters there from today on. I hope that's OK.

Nothing aside from the radio  
program happened today. It's been  
raining all day today. We're  
having bad weather these days.

I have some snapshots that  
were taken a couple of months  
ago. I'll send them with the letter.

With  
Love

Jack
