Dear Mom and Pop,

Well, here I am at Forte dei Marmi. It's a small summer resort next to the beach. It's about 15 kilometers from Massa and 10 kilometers from Viareggio.

We've been out six days already and tomorrow we'll go back to camp. At present we're staying with a Italian family. We eat and sleep at their house. Their son use to work for the G.P.U. before.

We found six bodies so far (all found) and we can identify two for sure and maybe one more.

Tomorrow morning we're going up the mountains again for one more and then we'll be finished.

Boy you sure get a good chance to see Italy this way. We have the truck for ourselves and all the gas we want so every night we go looking around the different towns nearby.

We go swimming every day just
before we eat dinner. The beach is
across the street only a few yards away.

I'm really getting flesh now. You
won't recognize me when I get home.

We'll be back in camp tomorrow
night so tell her —

Ted
