Dear Mom and Pop,

Just a quick letter. I just came back from the movies. We saw "Laura". It was very, very good. It's a murder story with a little different twist to it. When we came out of the movie, we got caught in a rain. We all got soaking wet. I just took a shower and am now in bed.

We'll be going out to the machine gun range again tomorrow. This time we'll fire the light 30 caliber. Last time it was the heavy. I haven't much to write now, so I'll write more tomorrow—

Jad
