

Congratulations
on Your
Graduation

In this day
of Graduation
When you're proud
and happy, too,
This will let you
know that others
Share this happiness
with you.

Sincerely

Marian

Dear Masako

I'm not going to write a letter, but I'm just going to write enough to wish you the best of luck and everything.

I got that card and announcement and they are ~~so~~ surely nice. Thanks alot. That announcement will always remind me of a lot of nice things, especially you and the one year that I attended Ballard.

I promised you a picture of me, and I'll send it some day.

I'm planning on getting some soon.

Thanks again for the nice cards, and the best of every thing.

Love

Marion.

P.S. I wish I could be there for the graduation. I surely would like to see it, and I know I would enjoy seeing all the "kids" get there diplomas.
