TAX-ESTIMATE FORMS MAILED

Mailing of 390,000 forms to be used by taxpayers in this district in filing their declarations of estimated 1944 income tax was completed today, according to Clark Squire, collector of internal revenue. Returns are due by April 15. The forms are similar to those used for the 1943 declarations last September and December. They have been mailed to all persons who filed declarations last fall. Squire estimated only 300,000 must file declarations, as about 90,000, who were not required to, filed declarations in September and December. To save themselves and the department unnecessary work, Squire suggested that all taxpayers note the requirements in order to avoid preparing a return unnecessarily.
