ST. LOUIS, April 28.—(AP)—The General Federation of Women's Clubs was guided through the closing sessions of its 53rd annual convention today by the first woman from a small town to be chosen president of the organization since its establishment in 1891.

Mrs. Lucy Jennings Dickinson of Keene, N. H., wife of LaFell Dickinson, box manufacturer, was elected to a three-year term yesterday to head the federation of 16,500 women's clubs which have a total membership of 2,500,000.

Other officers elected included Mrs. Volney W. Taylor, Brownsville, Tex., treasurer.

Anti-Jap Stand The federation adopted a resolution "favoring the prevention of the return of any Japanese or Japanese-Americans to the coastal areas for the duration and for the transfer of all control of all Japanese in America from civilian authority to the United States Army."

Proposed by the Los Angeles division of the California Federation, the resolution further stated that "the federation urge on Congress the expatriation of all convicted, disloyal Japanese-Americans" and asked an exhaustive study of the Japanese problem before the end of the war.

The proposal was adopted over opposition from delegates who urged the federation not to commit itself to a "dangerously prejudicial attitude inspired by war hatred."

Lard Makes Delicious Cakes

By DOROTHY NEIGHBORS

Tender, light and delicious cakes may be made with lard and now is a good time to try this shortening if it is unfamiliar, for lard is temporarily off the ration list. Lard may be successfully used in any cake or cookie recipe which calls for other fat, if one simple rule is observed, as follows:

Decrease the called-for amount by about one-fourth, when lard is used in a cake or cookie recipe which calls for another fat.

By following the above rule, your own favorite cake may be made with lard, if it calls for another fat. If butter has been used by you, add a little salt when using lard which is an unsalted fat.

If a recipe calls for lard, as does the one given below, use the full amount named. This recipe has been tested with lard as the ingredient, and the amount called for is correct.

Chocolate Layer Cake 3 1/2 cups sifted flour. 1 teaspoon soda. 1 1/2 teaspoons baking powder. 2 cups sugar. 1 cup lard. 1/2 cup cocoa. 1 cup hot water. 1 cup-sour milk. 2 eggs. 1 1/2 teaspoons vanilla.

Line two 9-inch pans with waxed paper. Sift flour with soda, baking powder and salt. Cream lard, add 1 1/2 cups of sugar and cream well. Dissolve cocoa in hot water. Cool slightly and add to creamed mixture. Separate eggs. Add beaten yolks to milk. Add dry ingredients alternately with milk mixture to creamed lard and sugar. Beat egg whites until stiff. Add remaining 1/2 cup sugar to the egg whites and beat until sugar is dissolved. Fold egg whites into cake mixture. Add flavoring. Bake at 350 degrees, 45 minutes.
