SUMMARY OF RADIO PROGRAMS DIG FINS BOOST Retired Pastor, | RUNDAY - FLOORING | PROGRAMS | | PROGRAMS

By HUDSON PHILLIPS NEW YORK, July 22 .- (Special) -Industrial victory gardensmany of which are on company-donated ground—have doubled this year over 1943 and more than 500 oncerns have adopted programs, he National Victory Garden Instiute said today.

These gardens are expected to total 2,500,000, or one-eighth of all such plots in America, the institute said. Companies which have adopted programs, furnished literature on made ground available or supplied REV. and MRS. E. W. ERICKSON will return from Vashon Heights seeds and other materials.

Matrice half a century

Food experts reported that victory gardens now are more important than they were earlier in the season because drought has blank-son, 1712 Dexter Ave., will hold a reception for their friends, marking their 50th wedding anniversary.

Heat Hits Crops Rain brought sporadic relief, but not before the heat wave scorched

mot before the heat wave scorched and withered some crops and forced food men to talk about shortages instead of surpluses.

Although the drought may have affected the chances for humper crops this year, most of the victory gardens prospered because they were accessible to water. Bugs caused their customary trouble, but nice home crops generally are in sight.

The steel industry is typical of those sponsoring industrial gardens.

Mr. Erickson, who rettred from the plant of the ministry ten years ago, served at the North Broadway Methodist Church at Grace Methodist, after coming to Seattle 25 years ago. He also preached at Rainier Beach and Interbay Methodist Churches.

The couple was married in Sioux.

City, Iowa, July 31, 1894. Mr. Erickson was crdained in Omaha, Neb., the autumn following his marriage. Mrs. Erickson has been active in many church organization many hack.

those sponsoring industrial gardens.
The American Iron & Steel Institute said steel employes are working more than 43,000 gardens coview on the United States REVR—1090 KC Sunday First Methodist Church, 11. News, 2 Symphony, 2:30. Victory Hour, 5. Kate Smith, 7:30. Fremont Tabernacle, 8. ering 1,700 acres. The plots average Steel Companies Lead

More than 50 steel companies have provided company-owned land and several others have arranged for their employes' use of privately

owned acreage.

Besides furnishing ground, 31 financed all or part of the cost of turning over the ground, 17 made fertilizer available, 18 supplies water and several others contributed the cost of seeds. uted the cost of seeds.

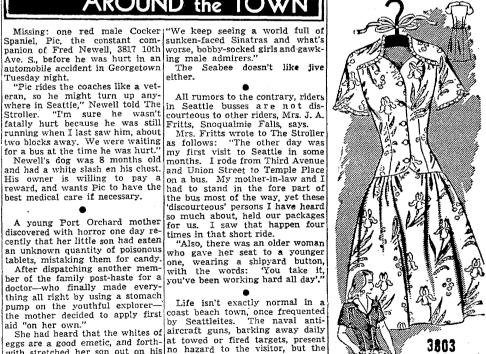

As an example in the automobile field, the garden institute said General Motors Corporation had two plants with program in 1943 but this year had more than 40.
