

NIPPONS IN HAWAII WILL FIGHT FOR MIKADO

Japanese in the Islands Assure Their Emperor They Will Die for Him in the Event of War.

BROWN MEN READY TO STRIKE AMERICANS

United States Residents of Pacific Possessions Are Indignant Over the Secret and Treacherous Conduct.

The Hearst News Service.

HONOLULU, Friday, Nov. 8.—Should the emergency arise, we offer ourselves courageously to the state, thus to guard and maintain the prosperity of our imperial throne. This was the message delivered to the Emperor of Japan in Tokyo on Sunday by a special messenger sent by the Japanese residents of Hawaii. Accompanying the message, which pledged in such unequivocal terms support to the home government in the event of war, was an address conveying in extravagant phrases the loyalty of the Emperor's subjects in these islands and acquainting his majesty with the progress they had made in learning, in assimilating the benefits of the world's civilization and in material prosperity. Perhaps it did not require this plain declaration to acquaint the Emperor with the fact that in the event of a conflict between this nation and the arrogant little conqueror of the Siam, the Japanese resident of America—colony and mainland—could be counted upon as a ready to meet the white man's challenge under cover, to aid his Emperor.

Patriotism Is Proverbial. The inborn patriotism of the brown man is as proverbial as his treachery when dealing with an alien. In the manner in which the address to the throne was prepared and forwarded well illustrates the need of carefully watching the Japanese in Hawaii should any occasion arise when they can do their home government a service while striking a blow at the land of their temporary adoption.

So secretly were the Hawaiian Japanese canvassed and so quietly were the meetings conducted at which preparations were made for the dispatching of a special messenger to Tokyo that not until yesterday was a white resident of Honolulu aware that the action had been taken. The news leaked out is known only to the territorial officials, who have lost no time in acquainting Washington with the facts. There is great indignation among Americans here, not so much because the Japanese have pledged their loyalty to the Emperor, but because of the secret methods pursued at a time when the brown residents of the islands were perturbed over the ordering of the battleship fleet to the Pacific coast. It is believed that the Japanese had been open in their expression of patriotism less would have been thought about it.

It is known that the Japanese in Hawaii maintain a compact organization which is ready in any emergency to place itself at the disposal of the home government. Since the relations between the two nations have appeared strained as a result of the American attitude on the immigration question, followed by the ordering of the Atlantic fleet to the Pacific coast, the Japanese have been active in a secret way among the Japanese. Frequent meetings have been held and what has been said at these gatherings has been carefully guarded.

In the event of any clash between the United States and Japan, the Japanese in Hawaii will be a unit, giving loyal support to the Emperor. And every subject of the oriental monarch living here is firmly of the belief that such a conflict is near.

RUSSIANS WANT TO ASSIST AMERICANS

ST. PETERSBURG, Friday, Nov. 8.—The talk of the possibility of war between the United States and Japan, which throughout has been taken seriously by Russia, has led many of our ambassadors to the American embassy who

PRESIDENT TO REVIEW WARSHIPS FOR PACIFIC

WASHINGTON, Thursday, Nov. 8.—President Roosevelt will review the sixteen battleships of the Atlantic fleet at Hampton Roads when they are ready for their cruise of 13,772 miles to the Pacific Coast. After receiving word that all is in readiness, the President will leave Washington for Annapolis, Md., to review the fleet. He will give words of advice to Rear-Admiral George Dewey, president of the board of naval construction, and the respective heads of the different bureaus of the navy department, which probably accompany the fleet. The President will leave aboard the Mayflower, probably on Wednesday, December 11, after receiving word from Rear-Admiral Robert E. Evans that the battleships are ready to start. When the flagship Connecticut hoists its anchor, December 16 and leads the way, the President will be on board the steamship. The Mayflower until the last ship has vanished from sight, after which he will return to Washington.

NERO UPHOLDS DIGNITY OF AMERICAN FLAG

MANILA, Friday, Nov. 8.—A Japanese and an American negro had a fight at the Honolulu dock, Saturday, when the American flag was placed higher than the Japanese ensign on the birthday of the Emperor of Japan. The negro was arrested and the Japanese was sent to the hospital.

TITLED AMERICAN VISITS NEW YORK

(Continued From Page One.)
"Do you believe that American girls make good wives for titled foreigners? Good-naturedly the Duchesse answered, as dimples showed in her pink cheeks. "Now that depends on the American girl and upon the titled foreigner. No one can answer a question like that."
With the Duchesse were her father, William K. Vanderbilt, and Mrs. Vanderbilt and the two Rutherford girls. They sat at the dock when the Duchesse was taken in hand by William K. Vanderbilt, Jr. and Harold Vanderbilt. Owing to the misunderstanding the automobile which was expected for the party failed to make its appearance, and the Duchesse was obliged to travel about the city in a hired carriage. Her presence was soon made known, and half a dozen photographers snapped at her right and left, much to her apparent amusement and unconcern. The party finally obtained the services of a cabman, with a rather weather-beaten countenance, and they not only took the carriage to the ferry, but crossed over in it and were driven up town.

MAN TORTURED FOR 33 YEARS. Suffered from Disease of the Skin, But Found a Cure at Last.

A story written in the own words of the sufferer has just come from Covington, O., which has caused a big stir among skin specialists and among those suffering from Eczema and other forms of skin diseases. George Flammer of that city, an old and honored resident, suffered from Eczema for 33 years before he was able to find a cure and was then saved from further suffering by D. D. D. Prescription. Here is what he says about it:
"I had Eczema for 33 years and two bottles of D. D. D. Prescription completely cured me. I know that this sounds strange, but I can hardly believe it myself. It is the gospel truth. As soon as I found out what D. D. D. would do I hunted up two of my best friends, Mr. Shuman and Mr. Rank, both of whom had Eczema. Both of them are nearly cured. Mr. Rank has used only seven bottles. It is a wonderful remedy."
D. D. D. Prescription is a liquid remedy which gets right at the roots of such diseases as eczema, psoriasis, salt rheum, barber's itch, etc. It doctors the skin where the skin needs to be doctor. It kills the germs and the itching scales fall off, leaving the skin fine and white.
We know that this remedy is absolutely reliable and that it has cured eczema and the patients appear to be cured forever. Come in and let us give you a booklet on dieting, bathing and other necessary things if you are a sufferer from skin disease.—The Raven Drug Co.

Weather Reports From Across Pacific.

SAN FRANCISCO, Friday, Nov. 8.—San Francisco is to be supplied with weather reports daily from across the wide Pacific. The globe with weather every twenty-four hours from Honolulu will be sent to the city. This will be the first of a series of reports, which will be sent to San Francisco and will be, says Alexander McAde, chief of the bureau, of great value as well as commercially.

TEETH WITHOUT PLATES OR BRIDGES

Ohio Dentist's Alveolar Method of inserting teeth without plates is another of their achievements advancing the science of modern dentistry. The method of restoring teeth without plates shows there are still some teeth in the mouth that only make one of the greatest mistakes in dental science, but the tooth-suffering public a new form of restoring teeth which is far more comfortable, clearly durable and much less expensive than bridge work. This method of restoration requires two or more teeth or suitable roots remaining in the mouth, as in the case of bridge work, but it does away with all the discomforts, uneasiness and pain of bridge work. It feels as natural to the tongue and cheeks as did the natural teeth.
This work can only be had in Ohio Dental Parlors, Ohio Dentists being the originators. Examination free to all.

ORGANIZED LABOR IS FOR FREE SPEECH

(Continued from page 1.)
wise, although we are not blindly supporting the Socialists in all their contentions of rights. We consider that there is no reason why the Socialists cannot get together and come to some settlement of this matter. You cannot have the right of free speech in this country. They will not stand for it.
"It must be understood that we are going before the mayor in any beligerent attitude. We are simply going to see that if there cannot be a friendly settlement of the present trouble, we believe that the mayor realizes that he has gone too far, the matter and will be willing to make concessions. We possibly may ask him if there is not some way by which certain of our people might be allowed for public speaking—streets like Pike place where there is no night traffic, for instance. While the Socialists are gratified over the appointment of the committee, many of them do not accept no concessions. They recognize no right on the part of the mayor to designate any particular streets where they may speak, he says that if it is illegal, as the mayor declares, to speak at all places, he will not even give a license for the executive to set aside any portion of the city for street speaking.
"No concessions, say Socialists.
"No concessions go," said Richard Krueger, organizer of the Socialist party. "For weeks they have been throwing our people into a jail, driving the best men and women out of all sorts of indignities and causing them actual physical suffering. Concessions don't look good in face of all this. The issue is clean cut. We may speak or we must not speak. The court will not look for people who are afraid of anything definite on the matter at all. All we ask is that we be placed on the chain gang for our heinous crimes or that the prosecution cease. There is no question of any concessions in the thing."
E. J. Brown, attorney for the Socialists who have already been tried, will argue the case in Judge J. E. Gordon's court this afternoon. Tonight there will be more Socialist speaking on Pike Place, several women planning to address the meeting.
Seriously Gored by Bull.
BELLINGHAM, Friday, Nov. 8.—Peter Kobrist, well-known dairyman, living six miles from the city, was probably fatally gored by an angry bull last evening at about 10 o'clock. At least two ribs were broken and it is feared the man has suffered internal injuries that may result in his death. So badly was Kobrist injured that it was impossible to bring him to a hospital in this city last night or treatment. Kobrist was leading the animal by a rope. A steel ring had been placed on the nose, to which the rope was attached. It is believed that the pain resulting from a sudden jerk on the ring caused the bull to become angered. With a sudden, unexpected rush, the animal threw the dairyman off his feet and partially stunned him.

MAYOR DECLARES RUBBER STAMP WILL DO

(Continued from page 1.)
ment in a bad humor, and it needed but the refusal of the comptroller to countersign the stamped warrants to start the rioting.
Mayor Moore was not at all choice in the words with which he addressed him to the comptroller and his department in general, and the year books of the various churches, where the name of the comptroller is not contained in any such expressions.
Mayor's Statement in Brief.
Shorn of all the epithets that we have a tendency to make remarks the name is upside down, but it is not in any certain conditions, the mayor said:
"I don't care what the comptroller does or what his department does. I have stamped these warrants with a rubber stamp and they will have to go down to the comptroller. It does not make any difference to him whether I sign the warrants with a stamp, with a pen in any other position, so long as I sign them. There is too much of this signing business, and it is more than I can stand. I will have the warrants delivered the last minute. The rubber stamp goes."
"I doubt very much if the treasurer could be induced to accept a warrant with the signature of the mayor stamped rather than written thereon," said the comptroller, Calhoun, explaining when pressed for an opinion as to the legality of this procedure. "A rubber stamp might be used, but it is not to be certified that each and every warrant bearing certain numbers has been signed by the comptroller. It is the question whether bankers or others handling such paper would consider it a safe investment."
The comptroller, who signed the warrant and the mayor who attached his stamp to the same might be held responsible for the signature that might be in circulation. Banks make this one of the requirements when a stamp is used, requiring an agreement from the mayor using it, that they will be responsible for any illegal use of such signature. The comptroller is clearly acting within his rights.

WILL NOT REPAIR CITY JAIL

Structure Condemned for Six Weeks Now Is in Same Condition as When Old Health Board Condemned It.
Prisoner in Municipal Bastille Sends Letter to The Times Telling of Wretched Conditions Prevailing There.

Six weeks have elapsed since the Seattle Board of Health condemned the city jail and ordered its abandonment and the city has not yet done anything to either towards getting the prisoners away from the structure or so repairing it as to make it presentable. It is believed by city officials that the mayor does not get some needed pay before the matter, hoping against hope that the new municipal building will be opened for occupancy before his term of office expires.
The following letter was this morning received by The Times from a prisoner in the city jail. Poorly written, it yet tells, local officers say truthfully, of conditions in the jail.
"This letter is from a prisoner in the jail at Yester and Third Street. There is eighteen of us in this cell. We are for two weeks and we have not had one piece of meat or bread at all. We lay on cement floors and it is all damp and it is enough to ruin a man's health for life.
"The men are not here on a criminal charge. We do not get enough to eat. We don't get any blankets to sleep under. We are getting very hungry all the time. If the public of this city don't take this matter up what will become of such a place that the board of health says that rats can't live in. If you are on the chain gang you don't get anything but what I have told you.
"I hope you will print this in your daily paper and that some of these people who say they want to do a whole lot of good, and hurry nearly all the time, do something almost harmless and get out of the jail. You can't get a man to kill a man by making him sleep on a wet, cold floor without any blankets in a jail that is horrible. You can't get a man to do right when they see that other folks don't care about doing right and closing up a jail like this."

FUNERAL OF EDWARD K. CROSBY IS HELD

Body of Man Found by His Son on the Beach at Bainbridge Island Is Interred at Lake View.
The funeral of Edward Kenneth Crosby, whose dead body was found by his 11-year-old son, Eli, last Monday on the beach at Bainbridge Island, but was not buried until a day later, was held from the undertaking establishment of Bonney-Watson at 3 o'clock yesterday afternoon. Interment was in Lake View cemetery.
The orphan boy has not yet been placed in a home, but he has no money for protection that he is unable to obtain an immediate selection.
OLIVER GRAND JURY SOON TO BE DISMISSED
Work of Investigation and Prosecution Will Be Continued With Vigor by New Body.
SAN FRANCISCO, Friday, Nov. 8.—At the end of the present bank holiday, the grand jury, of which B. P. Oliver is foreman, and which has returned the custom has proceeded, will be dismissed. This decision was made public today by District Attorney Langdon. A new inquisitorial body will be impaneled to take the place of the present body and the work of investigation and prosecution will be continued.
"The prosecution has a lot of work before it in the way of District Attorney Langdon put it."
"This work cannot lag, and the in-

OFFICER AND THUG KILLED IN DUEL

Robber in Dying Moments Shoots to Death Officer Who Fired at Him.
RENO, Nev., Friday, Nov. 8.—In a pistol duel, Policeman Charles Brown was shot and probably fatally wounded by a trio of thugs at about 10 o'clock this morning. Before he was shot Brown killed one of his assailants, and Archie Burris, an employe of the South-

ern Pacific, was shot in the side. The trouble started in a quarrel among the thugs, who are thought to be the same who held up a local gambling house last evening. Officer Brown attempted to arrest one of the men, who immediately pulled a gun. Before he could use the weapon Brown shot him. One of the other thugs then jumped upon Brown's back, throwing the officer down. In his dying moments the would-be robber shot the officer. One of the flying bullets struck Burris, who may die. The other members of the trio of assailants were caught and narrowly escaped lynching. It is feared Brown will die. The dead man and his companions are foreigners.

IT is one of the greatest assets that clothing can have. When one buys Bradbury System he also buys a perfect fit that is only found in tailored-to-order clothing. IT is therefore a matter of importance that you should consider fit above all other things—it means not only your appearance but your own personal comfort. THEN, too, when you seriously consider the many other distinctive features of Bradbury System Clothing you will readily understand why it is the clothing for you to buy. The fabrics are selected with great care; the tailoring is done by hand and the tailors are expert style producers.
