

# MIKADO TO LIMIT EMIGRATION TO AMERICA

Japanese Emperor Will Take Steps to Prevent His Subjects From Going to United States or Canada.

## NIPPON NATION IS ANXIOUS FOR PEACE

Government Party and Opposition Unite in Statement That No International Disturbance Must Take Place.

TOKYO, Wednesday, Nov. 20.—While there has been no further official action in connection with the emigration of Japanese to Canada and the United States, indications point to the conclusion that the government of Japan probably is ready to admit that the arguments presented by United States Ambassador O'Brien require immediate attention.

There is reason to expect that after the arrival of Baron Ishii, chief of the bureau of commerce of the foreign office, who was sent to America as special commissioner to inquire into the matter, the Japanese government will undertake the self-imposed task of limiting emigration within the bound desired by both the United States and Canada.

Canadian Minister of Labor Lemieux, who is here actively investigating the subject, has made no formal proposal, but it is understood that he has plainly indicated that any curtailment of the number of emigrants is necessary if Japan is sincerely desirous of assisting her ally in order to avoid a serious competition with a British colony.

An editorial in the Ji Ji, which is believed to be inspired by the Japanese foreign office, says that, presumably Minister Lemieux comes to Japan asking for the limitation of emigration to Canada. The editorial continues:

"We, naturally, are a peace-loving nation, and if the emigration of Japanese into Canada endangers the public peace, we will not hesitate to absolutely forbid emigration to that country. The Japanese government is trying to limit emigration according to law, and we hope that the Canadian government will generously assist us in reaching a solution of the problem. Race hatred is discreditable to Canada. We believe that Japanese emigrants would tend to promote the welfare of Canada by developing its resources, but if the peace is disturbed it is better to altogether prevent our people from emigrating."

Count Okuma, the veteran statesman, who is one of the main leaders of the opposition party and the greatest Democrat in Japan, hitherto outspoken in opposition to the government policy of partial restriction of emigration, is interviewed by a representative of The Associated Press, said that the Japanese government probably should assist America in reaching a solution as well as political and economic conditions render the emigration of Japanese to that country inexpedient. He said he recognized that there are times when justice and reason, which desire to attain the highest ideals of civilization, are unable to open the eyes of the people. Therefore, it became the part of Japan, as a friendly and peace-loving nation, to cooperate in every way with the President and statesmen of America to avoid difficulties.

Option of Okuma. "From the highest standpoint of civilization," said Count Okuma, "it is unreasonable for one country to close its doors to the people who desire to learn from America, as we have learned for the last fifty years, but we have no doubt that passion, race prejudice, international politics and economic problems are all playing a part in the present agitation. A man like President Roosevelt, possibly, is wise to advocate the further restriction of immigration during the present depressed condition of America, but Japan will feel keenly the discrimination if Congress should bar the doors to the East while opening them to thousands of Europeans every week."

"I believe, however, that the friendship between Japan and America is based on a foundation so firm that it cannot be undermined by the immigration problem while the statesmen of both countries remain reasonable," Count Okuma added that the American fleet would be welcomed heartily by Japan, because its visit would tend to bring the relations of these nations closer together. He desired the Associated Press to say that the people of Japan had never been hostile to the United States, and that the possibility of war between the two countries, and asserted again his firm conviction that, eventually, the sense of justice of the American people would permit the unrestrained immigration of the class of Japanese who went to America to profit by the advanced teaching procurable there.

## STEAMSHIP STRUCK BY TERRIFIC TIDAL WAVE

Admiral Borreson from Seattle Has Its Masts and Upper Works Carried Away at Sea.  
HONOLULU, Wednesday, Nov. 20.—The Norwegian steamship Admiral Borreson has arrived here in distress. She was struck by a terrific tidal wave, probably following a submarine earthquake, November 2, 2,500 miles northwest of Honolulu. The vessel was from Seattle to Tokyo.  
Her steel masts, stacks, rails, stanchions and upper works were carried away. Her escape from destruction is regarded as miraculous.

## GRAND OPENING SALE OF PIANOS

SOME time ago we were forced out of our store room on Second Avenue, and for the last six months have had to place our pianos in temporary storage. During this time many fine pianos have accumulated which we are now forced to close out at about wholesale prices.

We know it will paralyze the retail piano business—and that too, at a time of year when we should be reaping a harvest of the usual Christmas high prices.

### Couldn't Be Helped

But we are unable to prevent it. We now have over 300 pianos on hand, and 500 more are due to arrive by the first of the year.

These instruments we were forced to take, for the reason that we had previously contracted for them. While, as a matter of course, we could not dispose of them while they were in storage, consequently we find ourselves overloaded with stock and must use sure methods of quick disposal.

### Big Opportunity

This is a rare opportunity for the public—one that won't come again very soon. Every piano in our house is strictly high grade—few that USUALLY sell for less than \$250 and up to \$2,000 in value. These will go from \$152 and up.

### Terms Low

In order to make it possible for all to take advantage, we have cut our terms from 25 per cent to 75 per cent less than usual. \$10.00 down will take one to your home. Catalogues mailed free to country folk.

### Free Souvenirs All This Week

This is opening week with us in our new store, and we offer free souvenirs to all visitors, as follows:

## COUNCIL MAY FIX GARBAGE RATES

Sanitary Drivers' Union Is Credited With an Intention to Boost the Rates for the Removal of Refuse.

"I have no doubt that the council will be able to regulate the prices to be charged for the removal of garbage should the Sanitary Drivers' Union side on an increase in present charges. Rates now in force are high enough and if there is an increase they should be lowered rather than raised. There is little question but an ordinance can be passed that will result in the council charged in every section of the city and if this is found impossible it will be up to the city to take steps to handle the garbage. It will require \$50,000 to get a gathering system as good as the one now in use and \$100,000 more is needed to equip a system that will cover the entire city in the manner in which it should be done."

This is the expression of Superintendent of Streets Michael T. Maloney when his attention was called to the report that members of the Sanitary Drivers' Union had in some instances given notice of a raise in rates amounting to 50 per cent.

All information on the subject of higher garbage rates comes from property owners who have been advised that their fees are to be raised. A meeting of the council will be held on Saturday night and it is alleged that this meeting is to agree on a scale in excess of the present rates.

Officials declare today that the first announcement of higher rates for garbage removal will result in the council taking steps to fix the rates in every district of the city, based on the length of the haul to dumping grounds and crematories.

## SUIT BROUGHT TO OBTAIN LEASE

Clothing Company Wants to Stay in Present Location Another Year and Tells of Verbal Agreement.

The Tailored Ready Company this morning, in a suit against John Doe Webb, Morris Gross and George Kinneer, asked the superior court to cancel a lease given by Gross to Webb and to compel Kinneer to recognize the plaintiffs as the legal lessors of the building at the southeast corner of Fourth Avenue and Pike Street.

The Tailored Ready Company alleges that it purchased the lease August 15 last from Gross for \$10,000, and that it expires February, 1908. They allege that it was agreed that so long as they conformed to the conditions and accepted a slight advance in rent next year they should remain in possession of the building.

It is charged that after Gross retired from the company he obtained from George Kinneer the renewal of the lease for a term of years from 1908 to 1909, and that Gross has sold it to John Doe Webb.

Gross is said to be in California.

## PRIMARY CALLED DELUSION

Former Senator W. A. Carle, J. A. Ward and Many Other Politicians Find Snare in New Method of Nomination.

City Attorney Randolph Disagrees With Majority of Georgetown Political Leaders as to Advantages.

City Attorney I. H. Randolph, of Georgetown, who yesterday was nominated on the Republican ticket, disagrees with the majority of the politicians in the city who are clamoring for the new primary law, which had its first test in the brewery town yesterday.

W. A. Carle and J. A. Ward, declared after their experience at the primaries yesterday that the new law is a delusion and a snare. One of the worst objections, they say, is that it compels the voter to declare his politics at the primary polls. It is also said that it gave the members of the party opposing the Republican an excellent opportunity yesterday to vote for the Republican candidate on the Republican ticket, so that the opposition will have a better chance to succeed at the election, December 2.

New Law Helps Carle.  
In some quarters it is said that if it had not been for the new law, E. F. McSorley would not have been defeated for councilman in the second ward by W. A. Carle. Many of the voters made the mistake of casting their ballots for William Zahn, the candidate on the Citizen's ticket, who had no opposition, and who only needed one vote to get the nomination. If these men had voted instead for the Republican candidates, it is claimed they would have given McSorley at least six more votes, which would have been enough to defeat Carle.

"The new law perhaps has some slight imperfections," said Randolph this morning in discussing the subject, "but in the main it seems to be a big improvement."

"If it had not been for the new law, I would certainly have been defeated yesterday. Some of the men who have heretofore been running politics here wanted to put me away, but they could not do so. They are now trying to fix things up between themselves any more. The only way to get the nomination of a man is to go to the people, and the people have to be shown. It takes time and labor, also, to reach all the people."

Opposition Claims Strength.  
As there are no other candidates for those offices in the field, the nomination of Randolph for city attorney, and John Beek for city clerk is equivalent to their election. The leaders of the Citizen's Party assert that they will be able to elect Frank Chamberlain mayor; Harry Parry city treasurer; C. William Wilson councilman, first ward; William Zahn councilman, second ward; Claude Steele councilman, third ward, and perhaps a few others.

The total number of votes cast yesterday was 525 out of a registration of 645. John Mueller, for mayor, and John Beek, for clerk, had no opposition. The votes received by the other candidates follow: City attorney—I. H. Randolph, 253; C. H. Ennis, 234; majority 15. City clerk—John Beek, 246; majority 10. Treasurer—S. T. Gatterdam, 246; Lon A. Shimp, 201; majority, 45. Councilman, first ward—Bartoldi, 320; William Schaff, 150; majority, 170. Councilman, first ward—Frank Lippincott, 81; Jacob, 23; majority, 58. Councilman, second ward—W. A. Carle, 128; E. F. McSorley, 128; majority, 10. Councilman, third ward—Warren Herbert Bruce, 81; J. Hart, 33; majority, 48.

President Roosevelt yesterday and had this to say after his visit to the White House:

"I have just come across the country from California and there is not one condition resembling the bareness of 1892. California, like the rest of the Western states, is abundantly prosperous. The banks are full of money. Everybody has been making money. Crops are good and are valuable. The panic came like a blow from a distance. It is evidently purely a currency panic, touched off in New York and is the result of too much twenty-three story banking in that city. The most of the country is all right and I think we will be back to normal conditions and on a sound business basis in a month. And we shall be better for the fright and shake-up, because we shall be a little soberer."
