

F. R. OPPOSED RULE BY FRANCO

By Associated Press.
 WASHINGTON, Sept. 26.—A Roosevelt declaration of policy, stating there is "no place in the community of nations" for the Franco government of Spain, was made public today by the State Department.

The basic policy statement was set forth in a letter from the late President Roosevelt to Ambassador Norman Armour when he went to Madrid last March.

It disclosed that some actions in the economic field which might be of assistance to the Spanish people are not being taken because "American sentiment is so profoundly opposed to the present regime in power in Spain."

Subject to Distrust
 American opposition to the Franco regime, Mr. Roosevelt emphasized, was based on Franco's connections with Fascist Italy and Nazi Germany. The President summed it up:

"Having been helped to power by Fascist Italy and Nazi Germany, and having patterned itself along totalitarian lines, the present regime in Spain is naturally the subject of distrust by a great many American citizens who find it difficult to see the justification for this country to continue to maintain relations with such a regime.

Aid Given to Axis
 "Most certainly we do not forget Spain's official position with and assistance to our Axis enemies at a time when the fortunes of war were less favorable to us, nor can we disregard the activities, aims, organization, and public utterances of the Falange, both past and present.

"These memories cannot be wiped out by actions more favorable to us now that we are about to achieve our goal of complete victory over those enemies of ours with whom the present Spanish regime identified itself in the past spiritually and by its public expressions and acts."

Mr. Roosevelt told the ambassador that maintenance of formal diplomatic relations with Franco should not be taken by anybody to mean approval of the Franco regime or its political party, the Falange.

Friendship Voiced
 Normal American practice, he continued, is against interference in the internal affairs of any country except when international peace is threatened. Thus, he said, the form and policies of the Spanish government are the concern of the Spanish people.

Reiterating American friendship for the people of Spain, the late Chief Executive said: "There are many things which we could and normally would be glad to do in economic and other fields to demonstrate that friendship."

But, he said, such things are out of the question now when American sentiment "is so profoundly opposed" to the Franco regime. He concluded by expressing hope that Spain might soon assume its proper role and responsibility in international affairs.

Stone Shatters Window Of Japanese Home Here

LEFT TO RIGHT—ISAKO TAKAHASHI, MRS. MINORU TAKAHASHI AND PAULINE TAKAHASHI Examining damaged window in home

Isako Takahashi, 22-year-old Japanese-American student at the University of Washington, and her sister, Pauline, 24, said today that vandals threw a stone through a window in which a service flag was hanging in their home at 4538 Lucile St.

"I went through the same experience in Spokane, when I was working for a Japanese doctor there, so I knew what had happened as soon as I heard the glass shatter," Miss Takahashi said.

The service flag hangs in the front window of the Takahashi home for Isako's brother, Mitsuru, a wearer of the Purple Heart and veteran of two major battles in the Italian campaign. Mitsuru now is in Italy, awaiting shipment home. He is a member of the 442nd Regiment, a Japanese-American combat team.

Mrs. Minoru Takahashi returned to Seattle last week with Pauline from the Hunt Relocation Camp in Idaho. Her husband now is working for a construction company at Anderson Dam on the Snake River. Another daughter, Yoshi, 26, lives in Chicago.

LEW'S BOND ON GAMBLING HIT

A motion to forfeit the \$1,000 bond posted by Harry Lew, Seattle Chinese and operator of the China Pheasant, a roadhouse at 10315 E. Marginal Way, was filed in Superior Court by Deputy Prosecutor Max R. Nicolai today.

Lew posted the bond after an abatement order was filed against his establishment last November 16. At that time the court enjoined operators of the establishment from conducting gambling games or having gambling equipment on the premises.

The court's order was violated, according to an affidavit signed by Prosecutor Lloyd Shore and attached to the motion for forfeiture of bond, when gambling paraphernalia was found in the China Pheasant during a raid September 9.

Presiding Judge Donald A. McDonald ordered Lew to appear before Superior Judge Chester A. Batchelor October 5 to show cause why he should not forfeit the \$1,000 bond.

Strike-Delayed Goods Stolen

NEW YORK, Sept. 26.—(AP)—Thieves broke into a West 31st Street warehouse last night and carted away a large amount of merchandise which, police said, had accumulated as a result of the three-day-old strike of building-service employees. The burglars apparently used their own trucks.

Eight persons were injured critically when fire swept through the wooden-frame Oaks Hotel in Fort Bragg.

The first Liberty ship, the Patrick Henry, was launched at Baltimore September 27, 1941.

Crowley to Leave F. E. A. Post Oct. 15

WASHINGTON, Sept. 26.—(AP)—Foreign Economic Administrator Leo Crowley said today he definitely plans to resign his nine government jobs by October 15.

Crowley told a reported he was determined to "become a plain citizen of the United States, independent in thought and action" at that time.

President Truman, at his news conference today, said he hoped to persuade Crowley not to resign. While F. E. A. chief, Crowley has supervised the spending of an estimated \$45,000,000,000 to \$50,000,000,000—an amount second only to the War Department in its war outlays.

Cooke, Veteran Clown, Dead
 LANCASTER, Pa., Sept. 25.—(AP)—Delbert V. Cooke, 75 years old, believed to have been the oldest circus clown in the country when he retired in 1942, died yesterday. He spent nearly 60 years in the show business.

"Was I WRONG, back in 1945!"

- "As I look back now, Pearl Harbor seems like only yesterday. That's when I was made head draftsman. The hours were long, but the pay was just double what I'd ever made before. For once, money was the one thing I had plenty of.
- "I was tempted to spend my money, but I didn't. I figured prices would come down after the war—and I'd get what I needed then, when things were plentiful. So I got along with what I had, and saved all the extra cash I could.
- "That was my golden opportunity to get ahead. Before I knew it, I had a raft of War Bonds, some more life insurance, and a nice little nest egg in savings. We had plans for sending the boy to college, and maybe taking life easier later on.
- "Then goods started coming back—and I weakened! I should have held off and taken it slow and easy. But I felt safe, so I barged out and bought twice as much as I really needed. Before I realized, most of my savings had gone up in smoke.
- "I might have been sitting pretty by now, if I'd only kept my head. Saving that money was the best thing I ever did—but I didn't use it wisely when I had it. Here I am—ten years later—right back where I started. Was I WRONG, back in 1945!"

Life Insurance Companies in America and their agents

... to cooperate with our government in preserving the financial health of the nation

BUT IT IS STILL 1945. If we use our savings wisely now, we can help to avoid inflationary price increases . . . and at the same time maintain backlogs for the kind of future we all desire. If we spend our money carelessly now, we may look back some day with regret.

During the war, millions of Americans saved to protect their families, to educate their children, to start a business of their own, to own their own home, to retire. Today they are still following the advice of our Government, buying only what they really need until civilian goods are plentiful, holding on to their War Bonds and life insurance, and maintaining their savings accounts. *Are you one of them?*
