Father-in-Law Also On Honeymoon Trip

MR. AND MRS. NICK FURFARO
The father-in-law had no ticket

By DON BRAZIER
Nick Furfaro, his bride and his father-in-law are back from the honeymoon. All three enjoyed the boat trip to Victoria, B. C. fine, though having only one state-room was a little inconvenient. There weren't supposed to be three honeymooners. In fact, the newlyweds were quite surprised when there was a knock on their stateroom door at sailing time, and who should it be but the father-in-law!

They could have bowled us over," Furfaro said today. "We thought it was the bellboy."
Furfaro, 22-year-old theatre concessionaire, and his bride, the former Mary Lou Monroe, 18, hustled her father, Floyd Monroe, up on deck to the gangway.
Too late. The boat, the ferry Chinook, was away from Colman Dock, Victoria-bound.
The father-in-law had no ticket. He had gone aboard to join other well-wishers in seeing the couple off. But he had arrived at the dock late, after other friends had left, and to make matters worse, he couldn't find the Furfaros' stateroom at first.
It was only a week-end honeymoon trip, because both bride and bridegroom had to work Monday. They were married Saturday evening, left on the Chinook just before midnight and returned Sunday night.
The stateroom wasn't big enough to accommodate the three of them, so the father-in-law slept in the Chinook's lounge.
Furfaro met his fiancée a year ago at The Paramount, where she was an usherette. She's now head usherette at The Blue Mouse.
The Furfaros will have their vacations in June. They plan to go to California for a real honeymoon. Their plans for the trip aren't definite yet, but of one thing they're sure: No father-in-law!

U. S. COURT DENOUNCES INTERNMENT

By Associated Press.
SAN FRANCISCO, April 29.—A federal judge today reinstated the United States citizenship of 2,300 war-interned Americans of Japanese ancestry (Nisei) and criticized the government for accepting their renunciations.
District Judge Louis E. Goodman ruled for the Japanese, who said their renunciation was obtained under duress from other nationalist-minded Japanese residents of the Tule Lake, Calif., camp in 1945.
The Japanese, through their attorney and the Civil Liberties Union, brought the action against Attorney-General Tom Clark to be reinstated.
Judge Goodman's opinion stated: "If a confession secured in a manner obnoxious to Congressional policy may not be used in a criminal case, it is equally true that a document releasing the priceless insignia of American citizenship should not be validated when executed in a like manner."
Not Criminally Charged
Authority for internment of American-born Japanese at the outset of the war came under Goodman's fire.
"In view of the admissions contained in affidavits in this case," the court said, "I have no doubt that there was a complete lack of constitutional authority for administrative, executive or military officers to detain and imprison American citizens not criminally charged or subject to martial law."
Judge Goodman gave the government 90 days to name any individuals among the 2,300 plaintiffs against whom they may wish to offer additional evidence.

BRITISH SHELL JEWS IN JAFFA; EGYPT AND IRAQ TROOPS ON MOVE

By Associated Press.
JERUSALEM, April 29.—British artillery for several hours today shelled the Manshieh quarter of Jaffa, captured yesterday by Irgun Zvai Leumi, Jewish underground, after four days of fighting with the Arabs. Later, a "cease-fire" was ordered so the British could confer with the Jews.
The promised British counter-attack developed as officials of Egypt and Iraq said large parts of their armies were moving on Palestine. Sharp skirmishing occurred in the Jordan River Valley opposite Trans-Jordan.
Beisan Captured
The Jews reported the capture of Beisan, 15 miles south of the Sea of Galilee. Beisan is a way station for Arabs filtering in from the east for the battle over partition.
The Arab Legion informed King Abdullah in Amman it had occupied Geshur, a Jewish collective settlement in the Jordan Valley, and killed hundreds of Jews. The Legion said the fight started Tuesday night when Jews killed a Legion sentry inside Trans-Jordan territory.
A Jewish Agency spokesman said there was "no truth whatever" in the Arab Legion report.
"All that happened in that three Jews were killed and nine were wounded in yesterday's attack by the Arabs, and there was no fresh attack today," the spokesman said.
Egyptian Communications Minister Dessouki Abaza Fathi said in Cairo large Egyptian army forces had been sent to the southern border of Palestine. Regent Abdul Ilah of Iraq said in Amman his country's army had started moving toward Palestine and would pass through Trans-Jordan.
3,000 British Move In
The British rushed in a battalion of Irish fusiliers to support their pledge not to permit the Jews to occupy Jaffa, the Arab port adjoining all-Jewish Tel Aviv. The reinforcements brought the British force available to about 3,000 men.
The news of a "cease-fire" for the walled Old City of Jerusalem was received here with optimism.

LAKE SUCCESS, April 29.—The Arabs today rejected a French proposal for an international volunteer police force for Jerusalem.
The Jews agreed to the proposal for a 1,000-man elite force to safeguard Jerusalem's holy places under a proposed truce, but the Arab rejection dashed hopes for its establishment.
Jamal Hussein, vice chairman of the Arab Higher Committee for Palestine, told the United Nations Trusteeship Council the Arabs "object to foreign troops being sent to our country." He said the term troops also meant police.
Arabs Won't Resist
Hussein added that the Arabs would not resist the proposed police force but would never agree to it.
Moshe Shertok, head of the Jewish Agency's political department, said the Jews definitely agreed to setting up a U. N. force for Jerusalem.
The Arab and Jewish spokesmen agreed yesterday to a temporary truce for the walled Old City of Jerusalem, site of many holy places, but there appeared little hope of widening the truce to take in the rest of the city.
The United States renewed its appeal, meanwhile, for quick U. N. approval of the American plan for U. N. trusteeship over Palestine.
U. S. Views Summed Up
United States Delegate Philip C. Jessup said he felt the American views could be summed up this way:
1. The United Nations must be prepared to accept full responsibility for Palestine when the British mandate rule ends May 15.
2. A temporary trusteeship appeared to be the proper way for the United Nations to discharge these responsibilities.
In Washington, Maj. Gen. John H. Hildring, a trusted associate of Secretary of State Marshall, took over direction of American policy on Palestine as Marshall's special assistant.
Hildring, at the 1947 U. N. Assembly, took a leading part in putting through the partition project.

Teacher, Home Riddled, Has Guard as She Gives Exams

By Associated Press.
NEW YORK, April 29.—A pretty, blond Brooklyn high-school teacher conducted mathematics examinations under police guard today after her home was the target of a fusillade of rifle shots last night.
Only a few minutes before the rifle fire, the mother of Miss Margaret Jokiel, the high-school teacher, received two mysterious telephone calls from an anonymous feminine caller who said:
"If she doesn't pass everyone in mathematics tomorrow, something will happen. She'll be pushing up daisies."
Blue-eyed, 24-year-old Miss Jokiel said today, "I'm not afraid," as she supervised examinations in the Fort Hamilton High School. Beside her at all times in classrooms and halls was Police Sgt. George J. Noell, an uncle, assigned to guard her.
Police hurried a thorough investigation of Miss Jokiel's 165 pupils and the source of the telephone calls to the teacher's mother, Mrs. Esther Jokiel, also a teacher.
As Mrs. Jokiel hung up last night, a volley of rifle fire broke the silence of the Brooklyn side street where they live. Police said about 30 shots, some of which struck the house, were fired, probably by 25-caliber and 32-caliber rifles.
The shots broke windows on the Jokiel's front porch and hit homes in either side. Mrs. Jokiel was in the dining room at the time.
Miss Jokiel said, "I can't understand it. Fort Hamilton has the cream of the crop of high-school students. The whole thing seems fantastic. Maybe they're picking on me because I live in the neighborhood."

Ex-Convict Indicted For Army Thefts

An ex-convict, in charge of the cold-storage plant of the Army's Auburn General Depot about three years, was one of five persons indicted by a federal grand jury today for theft of meat from the depot.
William McKinley Finley, 44 years old, of Auburn, who served eight years in San Quentin prison beginning in 1925, for robbery, was charged with stealing 20 cases of frozen meat (about 1,100 pounds).
The jury sharply criticized Finley for promoting "Pinley" to a position of trust and authority, with records readily available showing Finley previously had been convicted of a crime.
Three employees under Finley also indicted were Arthur C. Reck, 22, and Alexander Crosby, 20, both of Auburn, accused of stealing one box of hams (about 100 pounds) each. Erbine Gribble, 36, Auburn, charged with stealing 25 boxes (about 1,375 pounds) of meat.
George Swift, 24, an Auburn meat-market man, was charged with having in his possession 20 boxes of stolen frozen meat.
The thefts took place between last June 1 and September 30, it was charged.

Truman Won't Name Boeing Strike Board

By Associated Press.
WASHINGTON, April 29.—President Truman replied in the negative today when asked if he plans to appoint a board in connection with the Boeing strike at Seattle.
The President said that under the national emergency provisions of the Taft-Hartley Act, he couldn't appoint such a board unless the strike constituted a national emergency.

• RAIL SITUATION HOPEFUL—A belief that the Federal Conciliation Service will settle the threatened railroad strike was expressed by President Truman.
Mr. Truman told his news conference that the Conciliation Service is working heroically on the dispute. He said he thought, and hoped, it would be settled.
• G. O. P. TRADE POLICY HIT—President Truman said failure by the Republican Congress to extend the reciprocal trade program would sabotage an important part of United States foreign policy and the European recovery program.
Mr. Truman noted that news conference that some of the European recovery funds will be extended as loans. He said borrowing nations could not repay if they are unable to carry on the trade that is possible under the reciprocal program.
• CONFIRMATION ASKED—President Truman called for early Senate confirmation of his reappointment of Chairman David E. Lilienthal and other members of the Atomic Energy Commission.
Mr. Truman said suggestions to limit their new terms to one or two years "would restore the pall of uncertainty which surrounded the development of this country's atomic-energy program."
• DRAFT—U. M. T.—President Truman said he accepted proposals to combine a temporary draft and a universal training program because it was all he could get out of Congress.
• STATEHOOD FAVORED—President Truman said he is still in favor of statehood for Hawaii. He told a news conference he had discussed pending legislation with Senator Gordon, Oregon.

ARABS MARSHAL FORCES—Armed forces arrows) of Iraq and Egypt were headed toward Palestine's frontiers today, while those of Trans-Jordan were inside the Holy Land. British artillery shelled Jewish forces in Jaffa. The Jews reported they had captured Beisan, and disputed an Arab Legion statement that Geshur had been taken with heavy casualties to the Jews.—A. Frankfurter And Vinson Clash in Court

WASHINGTON, April 29.—(AP)—A sensational flare-up in the Supreme Court today found Justice Frankfurter charging the government with co-operating with the C. I. O. in a Taft-Hartley Law test case—and Chief Justice Vinson banging his gavel in white-faced anger.
Frankfurter said the C. I. O. "had the utmost co-operation of the government in getting the case before the Supreme Court."
After Frankfurter had peppered contending attorneys with questions, Vinson in effect served notice on him to hush up. He did this by telling the attorneys, who were trying to reply to "Frankfurter's questions, that their time was up."
Vinson three times ordered government and C. I. O. attorneys to stop their arguments. His final order halted a government attorney, Jesse Clineken, after Clineken jumped up and said: "I deplore the accusation."
At issue was the Taft-Hartley Law's ban on political spending by unions. The C. I. O. deliberately violated the provision in order to test it. Federal District Judge Ben Moore declared it unconstitutional, and the case was carried to the Supreme Court by the Justice Department.
