A MAY SUIT SALE—EXTRAORDINARY!

Extraordinary From a Value-Giving Standpoint; Extraordinary From Your Standpoint!

Our entire stock of Women's Suits to be closed out at a tremendous sacrifice. Several causes contribute to this unusual event—a backward season—an overstock of Suits—imperative necessity for more room for remodeling purposes. Distinguished styles, matchless materials, choicest colorings and superior tailoring are features of our Suits that have not changed, though the prices are severely reduced for this clearance.

AT \$14.75 All Suits Worth to \$30
AT \$22.50 All Suits Worth to \$45
AT \$29.50 All Suits Worth to \$65

All are late styles in semi-fitted and hipless models, two-button cutaways, three-piece suits, etc., in all the newest pastel colorings, as well as staple shades. There are months of wear before for every suit that's bought now.

JAPANESE IN U. S. SEND MILLIONS HOME

Statistics Compiled at Tokyo Show That More Than \$5,000,000 Is Shipped to Orient Each Year.

59,100 BROWN MEN IN AMERICA IN 1906

Fourteen Thousand Nipponese in California Own 12,000 Acres of Land—Majority Live on Pacific Coast.

TOKYO, Friday, May 21.—According to statistics recently compiled, there were in December, 1906, 59,100 Japanese subjects in the United States, and out of that total, no less than 53 per cent were in California and its immediate neighboring states. In California 50 per cent of the total was found, and of these 26 per cent were engaged in labor on railways and in mines, the remaining 24 per cent being occupied with agriculture. It is in the last named enterprise alone that anything like signal success has been attained. There are 13,000 Japanese farmers, speaking roughly, in the state of California, and they own an aggregate area of 12,000 acres, which land is devoted mainly to the cultivation of fruit and vegetables. Many of the farmers who have been here for some ten to thirty years. They speak English excellently and may be said to be virtually assimilated. An important feature is their contribution to trade with Japan but more remarkable are the number of those who have returned to the home country. In 1904 they sent to Japan \$3,750,000; in 1905 nearly \$5,000,000 and in 1906, \$6,433,000.

CHURCH MEMBERS SEEK BISHOP'S RESIGNATION

Denver Catholics Increased in Efforts to Remove Father Joseph F. Carrigan.

DENVER, Colo., Friday, May 21.—Bitterly resentful at the attempt of Bishop N. Matz, of the Catholic diocese of Colorado, to oust Father Joseph F. Carrigan from the pastorate of St. Patrick's Church, of which he has been pastor for more than a quarter of a century, the members of the church will present a petition to Bishop Matz asking the removal of Carrigan. Carrigan has refused to vacate his pastorate, basing his refusal on a section of canonical law providing that certain regularly appointed pastors may not be removed without the regular assent of the charges which they may have an opportunity of answering. The cause of the attempted removal of Father Carrigan is said to be connected with the conduct of the Catholic Loan and the regular all-night meetings Bishop Matz was excluded.

BIG BALLOON DROPS, STOPPING BALL GAME

Gas Bag Puts Sudden End to Contest Between Los Angeles and Portland.

LOS ANGELES, Friday, May 21.—The big balloon, "America," which is being used to take sightseers into the clouds while made captive with a long cable operated by an electric motor, became unmanageable yesterday and dove to the ground, striking the base of the Los Angeles baseball park where Portland and Los Angeles teams were in the seventh inning of a hotly contested game. The balloons was in charge of Captain A. E. Muller and contained besides himself two passengers. None of the occupants of the basket was injured, but the sudden coming to earth of the huge gas bag caused consternation for a time and stopped the game. The balloon, damaged considerably, a sudden gust of wind caused the bag to strike the ground.

DESCENDANTS PURCHASE HOME OF PETER COOPER

Old Landmark to Be Moved From New York to Estate and Restored.

NEW YORK, Friday, May 21.—The old homestead of Peter Cooper, New York's great philanthropist, originally stood on the present site of Cooper Union, Fourth Avenue and the Bowery. It has been bought by the descendants of Peter Cooper, and will be moved to the Cooper estate, Ringwood Manor, near Tuxedo, where it will be restored to the condition it was in during the time it was occupied by Mr. Cooper and his bride. Since 1825 when Cooper Union was built, the old homestead has stood at Twenty-eighth Street and Fourth Avenue, where with a modern store front it has been occupied for the last fifteen years as a restaurant. It has been one of the sights for visitors to New York.

Memorial to Chicago Fair Planned

CHICAGO, Friday, May 21.—The \$44,000 fund of unclaimed world's fair dividends may be devoted to a memorial to the World's Columbian Exposition. Daniel L. Burnham, chief of construction of the world's fair, has expressed himself in favor of the memorial plan, as have others who were active in the exposition. The question of final disposition of the money is scheduled to come before the board of directors Monday afternoon.

Peat May Generate Power

NEW YORK, Friday, May 21.—Col. Jacob Astor has obtained a patent for a process which, it is expected, will make possible the utilization of peat deposits as a fuel for power. The current number of The Scientific American contains an account of the process and says that Col. Astor intends to present it to the public in the hope that it may be of wide general use.
