JUST THREE DAYS LEFT

Of the Remarkable Free Offer Being Made by the Great Specialists, Loughney & Loughney

FREE BAKE OVEN TREATMENTS

There are just three more days left in which to take advantage of the most liberal free offer being made by the Specialists, Loughney & Loughney, and every sufferer from rheumatism should make it a point to see these men at their offices while the offer lasts.

For the first time in Seattle their own wonderful remedy for rheumatism is being introduced, a remedy that was only made possible after years of study and research. The ingredients that are used in the preparation of their remarkable Rheumatic Remedy were secured from the Children of Nature, the Indians of the Western Plains. Composed entirely of native herbs and roots, refined by modern medical methods, the action of the remedy in the most aggravated cases is remarkable.

Those who enroll the next three days for a course of this remarkable remedy will be given also the BAKE OVEN TREATMENTS FREE. The success of the Loughney's is too well known for comment. Thousands have been relieved and cured. By combining these two remarkable Rheumatic Remedies, there can be no case that will not yield to their curative powers.

The offices of Loughney & Loughney are located in the People's Savings Bank Building at the corner of Second Avenue and Pike Street, with hours from 8 a. m. to 6 p. m., and with Sunday hours from 9 to 12, for the accommodation of those unable to come during the week.

EXQUISITE DISPLAY OF NEW MILLINERY

National Outfitting Co. Opens New Department at Their Second Avenue Store

MISS THOMPSON IN DIRECT CHARGE

The progress that has been made by the National Outfitting Company since the opening of their Second Avenue location has been remarkable. The complete lines of ladies' wearing apparel carried by this house has already earned for it the title of "Seattle's Popular Credit House."

Extensive alterations have been made in the store the past few months, the interior having been entirely remodeled and refurnished and a mezzanine floor erected on which has been placed their new and fashionable line of millinery. The new lines they are displaying include the newest Eastern and imported shapes in smartly tailored and ready trimmed hats. This department has been placed in direct charge of Miss M. Thompson, who is well acquainted with the ladies of Seattle, having spent four years with the Eastern Outfitting Company in a similar department. Miss Thompson is an expert in this line and has shown the most exquisite taste in her buying for this new department. Popular prices prevail in the new millinery section and it has already found great favor with the patrons of this store. Miss Thompson will be glad to see all her old friends in her new position.

RUSSIAN MESSENGERS

LAND IN HOSPITAL

Landlady's Message Delivered by Nick, Joe and Steve Popovich Peeves Recipients, and Fight Follows.

BOARDERS DIDN'T LIKE INVITATION TO LEAVE

Evicted Patrons Engage Star Boarders in Fight—Two Wounded and Five Under Arrest.

Constituting themselves "Messengers to Garcia," Joe, Steve and Nick Popovich attempted to convey the information to Nick Bucin and Vuko Dobriza, fellow Russian countrymen, that the presence of the two latter at the home of Mrs. Mary Wiggeness, their common boarding house landlady, was no longer desired, but the messengers met with a reception that has laid open for two inches where a bullet ploughed through the chest of Bucin, Dobriza and four companions took place at Eighth Avenue South and Washington Street at 3 o'clock last evening. "Go tell Bucin and Dobriza that they are not clean enough to live in my house," said Mrs. Wiggeness to the Popovich brothers. The message was duly delivered yesterday morning, but the discharged boarders felt avenged vengeance against the Popovich tribe and the trio encountered the pair, augmented with four other Russians, early last evening. Without any word of warning, two men opened fire on the Popoviches. As the brothers turned to flee, a bullet struck Joe Popovich in the rear of the right leg just above the knee. An X-ray photograph of the leg was taken at the city hospital today to determine its location. Steve Popovich was hit when a bullet struck him on the crown of the head, ploughed along for almost two inches and struck out under the skin. The third Popovich was not hit.

DEAF MUTES NEVER BEG, WRITES ONE OF THEM

Arrest of Thomas Tinlin Calls Attention to Game Played by Fakirs, Says Olof Hanson.

Editor The Times: The arrest of Thomas Tinlin, who admitted having been blind, dumb, deaf and other towns on the pretense of being deaf, as reported in The Times, has attracted much of the public practice which is common. Hardly a week passes without similar cases being reported and those really deaf are indignant because these imposters place them in a worse light before the public. As they come in contact with a great many people, it is natural for people to think that deafness is a disease. As a matter of fact, the really deaf never, or hardly ever, ask charity from the public. They are content to help us out to this end. When a person claiming to be deaf asks for money, give him a coin and let him go. If he is a policeman, all such fellows should be given the same treatment. They are not only defrauding the public, but also cause great injustice to the deaf—a handicapped but worthy class of citizens. OLOF HANSON.

JAPANESE ASSOCIATION TROUBLES MATURING

Believed Within Next Few Days President Takahashi Will Be Deposed in Favor of T. Arai.

Insurgents in the Japanese Association of Washington have finally brought the internal troubles of that organization to a head and say that within a few days, President C. Takahashi will be deposed. They charge him with maladministration, neglect of duty and arbitrary exercise of power as presiding officer. The internal trouble has been growing since the annual meeting of the association February 26, and reached an acute stage yesterday, when Takahashi called on the public to help him. It is expected that another meeting of the association will be held within a few days and T. Arai, who opposed Takahashi in the last election, may be elected president.
