NEW EIGHT-STORY BLOCK TO HOUSE BIG BON MARCHE

Magnificent Structure to Replace Present Home of Great Department Store—To Cost Million and Quarter.

WORK ON IMPROVEMENT TO BEGIN VERY SOON.

More Than Ten Acres of Floor Space Provided For in Plans—Construction to Proceed on Unit System.

THE Bon Marche is to have a new home that will cost \$1,250,000. The handsomest department store building for the Pacific Northwest, eight stories high, with more than ten acres of floor space, and containing every improvement and convenience for the conduct of modern retail merchandising, is to take the place of the present structures now occupied by the Bon Marche on the entire half block bounded by Pike Street, Second Avenue, Union Street, and the alley between First and Second avenues.

BOMB FOR ITALIAN
NEW YORK, Wednesday, Sept. 28.—His friendship for members of the Italian squad of the detective bureau, which the late Lieut. Petrosino commanded, is believed to have incited Black Handers to make a second attempt today to assassinate Angelo King, a watchman on First Street, by hurling a bomb at him from a house-top. The missile exploded near him and he was rendered unconscious, but escaped fatal injuries.

SHOOTERS SENTENCED
YREKA, Cal., Wednesday, Sept. 28.—Max Potter, who shot and seriously wounded C. W. Maynard, a watchman on August 2, pleaded guilty today and was sentenced to three years imprisonment. Frank Smith, an associate of Potter, pleaded guilty of robbing the Maynard cabin and was given a sentence of eighteen months in prison. Maynard found the men after they had entered his home and placed them under arrest. While marching them to the Sisson jail he was shot by Potter.

"YOUR FACE LOOKS SO MUCH BETTER"
Pimples and Blemishes Cleared Away by Postam, the New Skin Remedy.
Results are seen after one overnight application of postam when used for pimples, blemishes, rashes, undue redness, clearing the complexion, etc. It works wonderfully in quickly restoring any affected skin to normal condition and healthy tone. "My face was always full of big pimples, and I used to be ashamed to go on the street," writes Mrs. Helen Christian, Jersey City, N. J., "but since I used postam my face is as clear as a new-born baby's."
In promptly disposing of these minor skin troubles, postam gives evidence of its remarkable power to heal the more serious and stubborn skin diseases, such as acne, tetter, scabies, etc., in which it has made its great reputation. Itching is stopped as soon as postam is applied. A sample sufficient to show results is mailed free, upon request, by the Emergency Laboratories, 32 West Twenty-fifth Street, New York City. Postam is sold in two sizes (trial, 50 cents; regular jars, \$2) by all druggists, particularly The Quaker Drug Co., Raven Drug Co. and The Owl Co.

today that Toda probably was taking his bride to Japan to see if she would be recognized by her father. It appears that the Japanese parents are, as a rule, unwilling to have their sons marry white girls and oppose unions whenever possible.
If the Japanese father refuses to greet the bride when she comes to him with her husband, he has the standing as a wife. Among those of the younger generation, these mixed marriages are looked on in a different light and the Japanese who is the possessor of a white wife is the envy of his fellow countrymen. There have been many cases of Japanese men of little standing in their own country, whose American brides have been rejected by their parents, among these being a Japanese consul in England, who after wedding an English girl, was refused entrance to her country because his father did not sanction the match.
Whether Toda's father will object to the marriage of the Reed girl to his son is not known, as the old man has not yet been informed of the match.
Wanted Pair Jaded.
In passing through Oakland, en route for Seattle from Salt Lake by way of Los Angeles, the pair were taken in charge by the police and were detained there for two days, while the case was being investigated. On being informed of conditions in the Oakland police, the girl's father, James Reed, stated he was unable to oppose the match, as the girl is of age, but he said that the pair be jaded if it would be in accordance with the law.
When informed of the nature of her father's telegram, the Reed girl denied that her father had expressed the match and stated that he had said he would be only too glad to be rid of her.
Toda is a rancher and has been acquainted with the Reed girl at a time when he owned a ranch in Utah adjoining her father's. The Japanese is 27 years old, while the girl is nine years his junior. The personal beauty of the yellow man can scarcely be accredited as responsible for the white girl's infatuation with him. He is shorter than the average Japanese, and his features are unusually irregular. The girl herself is tall, dark-haired and handsome. She is intelligent looking and has the fresh, clear complexion of a country girl.
Girl Mandy Infatuated.
That she is mandy infatuated with Toda is certain. When the pair were released from jail in Oakland she threw herself into the arms of the chauffeur of a room full of spectators, embracing him and covering his face with fervent kisses. When informed yesterday by Marriage License Clerk Gates that she could not procure a license in Seattle she appeared heartbroken and was restrained in an expression of her emotion only by her companion, Toda. In order to avoid exciting comment when on the streets of Seattle yesterday, Toda walked fifteen feet in front of his bride-to-be, carrying their suitcases. Toda objects to having the girl show her affection for him in public and restricts her when she attempts to do so.
The Mormon girl has adopted many Japanese customs and in return her husband has agreed to reject the faith of his father and accept Christianity. The credit for this conversion is taken by the Reed girl, who says she has taught him a new religion, but she is a Christian herself, not limited by sect or creed. She is trying to learn the Japanese language, and already has acquired the rudiments.
Think Jap Ideal Husband.
She is firm in her belief that Japanese men make better husbands than the Americans and is certain that Toda will always treat her kindly and affectionately.
After visiting Toda's father in Tokio, they intend to return to this country and will live on a cherry farm in the vicinity of Los Angeles, which Toda has purchased. He is thrifty and is reported among his countrymen to be a man of means.
Nothing further has been learned today concerning the case of the Japanese, and Eddy the Rotenyer, a white girl, who also was refused a marriage license yesterday, is reported to have been turned away. Up until noon today, no application for a license had been made in Tacoma, and it is believed to be on their way to Victoria.

my property and which were left after the streets were excavated.
"After full consideration of the matter and in the belief that the Denny Hill regrade district should be rapidly improved and made a factor in the business growth of the city, I have determined to improve my holdings, two double corners at Fourth and Virginia and Fourth and Bell. The contractors are to start tearing down the earth humps at once."
Mr. Kelley said that within thirty days the corner at Fourth and Virginia would be leveled and that he intended erecting a permanent building there.

MEDAL FOR CHAUFFEUR WHO CATCHES SLAYER
National Highways Protective Society Rewards John Deans, Whose Quick Wit Enabled Arrest to Be Made.
FOLLOWED AUTO AFTER CRASH; GETS NUMBER

National Highways Protective Society Medal.
NEW YORK, Wednesday, Sept. 28.—A gold medal is to be presented by the National Highways Protective Society to John Deans, of No. 811 Amsterdam Avenue, the chauffeur who, by his prompt pursuit of the automobile that on the night of August 18, last, ran into a carriage in Parkway, throwing out the occupants and killing Miss Grace Hough, enabled the police to trace the car as belonging to Edward T. Rosenheimer, who was arrested and is now held under \$50,000 bail on a charge of manslaughter.
Deans, who was about a block behind the Rosenheimer machine at the time of the accident, saw the automobile run into the carriage and after the crash back out of the wreckage and without making any attempt to stop, he turned the car on full speed and went in pursuit.
Deans got near enough to the other car to see the driver, who, he says, is the chauffeur of the pursued machine, discovering that he was being followed, he turned the car around and soon distanced Deans' lighter car.
Deans gave the number to the police, which he sent to the Rosenheimer garage, where it was found with a headlight smashed in and other evidences of a collision.
The medal will be presented to Deans in the new auditorium of the society, at No. 45 East Twenty-first Street, as soon as it can be suitably inscribed. Deans is the first chauffeur to receive any of the society's medals.

COLKETT NOW FIXTURE IN LOCAL POSTOFFICE
Postmaster's Order Placing Assistant Postmasters Under Civil Service Goes Into Effect Today.
Assistant Postmaster W. J. Colkett received congratulations today from his subordinates on the fact that he now has a permanent job. Under the executive order to be signed by President William Howard Taft today, all assistant postmasters are placed under civil service, which removes their tenure of office from the vagaries of politics.
Colkett has been assistant postmaster since February, 1908. He was graduated from the State University in 1880, the first man ever to receive a degree from that institution and immediately went to work in the postoffice. He remained with it one year, resigned in 1881, returned to the postoffice, and was promoted to the position of assistant postmaster in 1884. He has since that time served in various capacities, and has held the position of assistant postmaster for the past two years.
