ANTI-JAPANESE LEGISLATION MEETS SHARP PROTEST

Discrimination at This Time Particularly Surprising, Declares Consul-General Stationed at San Francisco.

CONTENTION SUPPORTED BY FACTS AND FIGURES

Representative of Mikado in California Refutes Claim That Subjects Seek Extended Proprietorship in Lands.

SACRAMENTO, Cal., Thursday, Jan. 12.—Japan's first official protest against proposed anti-Japanese legislation in the state came in the form of a letter from Consul-General Matsunaga at San Francisco, to Senator Leroy. Wright, chairman of the Senate committee on foreign relations.

"I think the people of this state hardly realize the deep concern felt in Japan on this subject," says the consul-general. "Discrimination at this time would be particularly unjust to the Japanese people in view of the efforts which have been made during the past two years to cultivate the good will of the American people and to prove to them the sincerity of Japanese good will."

The letter contains figures supporting the consul's contention that the Japanese population on the Pacific Coast is steadily decreasing. According to the statistics, the number leaving Japan for America has diminished each year and the number arriving in Japan from America has increased each year since 1905.

EX-MANCHURIAN CONSUL SCOUTS ALL IDEA OF WAR

PORTLAND, Ore., Thursday, Jan. 12.—Japan is in sore need of land to produce food for her own people and of iron mines for the building of machinery. For these reasons, says R. B. Miller, former consul to Manchuria, believes there is no danger of war between this country and Japan.

ANTI-JAPANESE SCHOOL CHILDREN BILL IN VIEW

SACRAMENTO, Cal., Thursday, Jan. 12.—The anti-Japanese bill now pending before the Legislature is one providing against the holding of land in California by Japanese not eligible to be citizens of the United States.

EXPORTS FALL OFF

ST. JOHN, N. B., Thursday, Jan. 12.—Figures given out today at the American consulate show a falling off of more than a million dollars in shipments from this port to the United States in 1910, compared with 1905.
