

Lack of Appetite

When you have no appetite and even the sight of food is nauseating, you will have to build up your blood to get lasting relief. No amount of dieting, stimulating drugs or any treatment that overloads the blood will help you for any length of time.

You can, however, always build up the blood with Dr. Williams' Pink Pills. You can be certain they will make the blood richer and purer with every dose. This healthy blood will help to make your stomach strong and well. Dr. Williams' Pink Pills offer lasting benefit to every sufferer from indigestion.

Send for the free diet booklet "What to Eat and How to Eat." A postal card will bring it. Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box or six boxes for \$2.50 and they will be sent, postpaid, upon receipt of price by the

BERLIN SAVANT DIES

BERLIN, Wednesday, April 30.—Prof. Erich Schmidt, a former rector of Berlin University, died today in his sixtieth year. He was a strong opponent of co-education at universities.

With the increasing adoption of Western styles of dress in the Orient there is a steadily growing field for collars and shirts, which Japan is already catering to. Not only so, but Japan is even now shipping her goods to the United States, not large quantities as yet, but it is a growing trade, as the consular reports show.

Move Now To the Country

We Will Help by Giving You Land

No Payments for 3 Years

To Raise Alfalfa, Cows, Pigs

Use the purchase money in improving the land, and when the land pays start paying us on easy terms. Nothing fairer.

YOU CAN'T LOSE—LAND, ALFALFA, COWS AND PIGS ARE SURE. There's no pioneering, either. Our land is practically ready for the plow. One-half mile to station; 3 railroads, 10c fare to town of 2,500. We want our land settled and we do more to help.

WASHINGTON COLONIZATION AGENCY, 217 BOSTON

WASHINGTON STUDYING NEW ALIEN LAND BILL

Will Not Determine on Its Next Step Until Full Scope of Substitute Measure Has Been Ascertained.

NO EXPECTATION THAT ASSEMBLY WILL DISSENT

Believed That Chances for Amendment Along Line of Webb Act May Have Been Improved by Delay.

WASHINGTON, Wednesday, April 30.—Probably not until the full scope of the substitute alien land-owning bill adopted by the California Senate last night is definitely known will it be possible for the administration here to determine upon its next step.

The assembly will reverse the Senate, in view of the reported breaking down of party lines in the Legislature, but it is believed the delay may improve the chances for the introduction of some amendment on the lines of the Webb bill which presumably would have received the approval of the national government.

In explanation of the reluctance shown by Secretary Bryan to commit himself to the unqualified approval of any specific measure, it is pointed out by officials here that the administration desires to be quite free of the charge of attempting to control the proceedings of the Legislature, confining itself to an effort to limit the legislation within treaty rights and sound national policy.

Negotiations Now Seem Certain.

Also, it is believed the state department should be left unembarrassed by any commitment in advance of negotiations with the Japanese government which now seem certain to follow, instead of the rather informal exchanges that have been taking place.

ADVISE OF PRESIDENT DISREGARDED BY SOLONS

SACRAMENTO, Cal., Wednesday, April 30.—If the purpose of the visit of Secretary of State Bryan was to check further action by the Legislature on an alien land law directed against the Japanese, his mission has been a failure.

The conference between Secretary Bryan and the legislators closed at 11:30 o'clock last night, after the last of the arguments of the state department had been presented.

Within three minutes, and before most of the spectators knew what had occurred, Senator A. E. Boynton, president pro tem of the upper house, convened the Senate and an amended land bill, which provides that no alien who is ineligible to citizenship under the laws of the United States may hold real property in California, was unanimously passed as a substitute for the pending measure.

The new bill is drawn in strict conformity with the treaty between Japan and the United States, but all efforts to amend it will be passed. When it comes to Governor Johnson it will be signed.

The phrase "ineligible to citizenship" is avoided in the bill by providing two descriptions of aliens and defining the rights of each as follows:

"All aliens may acquire, possess, transfer land in the manner and to the extent and for the purposes prescribed by any treaty now existing between the government of the United States and the nation or country of which such alien is a citizen or subject."

"All aliens may acquire, possess, transfer land in the manner and to the extent and for the purposes prescribed by any treaty now existing between the government of the United States and the nation or country of which such alien is a citizen or subject."

"All aliens may acquire, possess, transfer land in the manner and to the extent and for the purposes prescribed by any treaty now existing between the government of the United States and the nation or country of which such alien is a citizen or subject."

"All aliens may acquire, possess, transfer land in the manner and to the extent and for the purposes prescribed by any treaty now existing between the government of the United States and the nation or country of which such alien is a citizen or subject."

"All aliens may acquire, possess, transfer land in the manner and to the extent and for the purposes prescribed by any treaty now existing between the government of the United States and the nation or country of which such alien is a citizen or subject."

FRENCH WAR DIRIGIBLE PHOTOGRAPHED FROM ABOVE PICTURE MADE AS AEROPLANE SAILED OVER HANGAR

FRANCE'S RIVAL TO THE GERMAN ZEPPELIN TYPE OF AIRSHIPS
PHOTO BY AMERICAN PRESS ASSOCIATION

Though France leads the world in equipment of army aeroplanes, Germany is ahead in armament of war dirigibles. France is now trying to gain first place for military dirigibles also. The picture shows the new French war dirigible Spieß, which is patterned after the German Zeppelins. The photograph was taken from a French army aeroplane, several hundred feet in the air, just as the dirigible emerged from its hangar. Part of the aeroplane shows in the lower left-hand corner of the photograph.

ARGUMENT ON ANGORA GOATS LIVENS DEBATE

Tedious Fighting Over Tariff Relieved When Hamilton and Hardy Shake Their Fists at Each Other.

Today in Congress

Senate.
Not in session; meets Thursday.
Joint congressional committee continued its hearing in investigation of foreign buying of American tobacco.

House.
Resumed reading of tariff bill for amendment under five-minute rule.
Representative Neely introduced resolution to direct attorney-general to proceed against Missouri Pacific Railway to collect \$3,300,000 growth of out of financing original bill.

Representative Britten introduced bill to repeal toll exemption provision of Panama Canal act.

WASHINGTON, Wednesday, April 30.—The weary debate over the tariff bill was relieved today by a row between Representative Hamilton, Republican of Michigan, and Representative Hardy, Democrat of Texas, over Angora goats and their duty, that set the House into roars of laughter.

Standing on each side of the aisle, the two members shouted at one another, shook fists and forefingers, and argued in a two-man chorus, but their words were drowned in the uproar. The bill was not affected as a result.

Representative Hamilton and his Lieutenants, particularly Representative Payne, of New York; Moore, of Pennsylvania; Gardner, of Massachusetts, and Greene, of Iowa, continued "heckling" the Democrats. They fought the schedules all along the line, avoiding, however, the useless delays that would be occasioned by demanding a vote.

As the session proceeded amendments were made, but Mr. Underwood, with his large majority well in hand, defeated them one after another.

Hardcore Raps Moore.
An attempt to amend the duties on glass, during which Representative Moore, of Pennsylvania, was rebuffed by the representatives from New York as a protectionist, was lost after a sharp skirmish.

The Democrats purpose to have night sessions continuously until the bill is passed. Representative Underwood is putting in direct charge, as each schedule of the bill is read, the members of the committee who had charge of that schedule during the committee deliberations.

NEELY WOULD HAVE U. S. SUE M. P. FOR BIG SUM
WASHINGTON, Wednesday, April 30.—To direct the attorney-general to

WORLD'S GREATEST VIOLINIST

Eugene Ysaye, Who Will Be Heard at Biers Popular Thursday Afternoon Concert Via the Improved Talking Machine.

Eugene Ysaye, who comes to the Moore Theatre tomorrow night under the auspices of the Ladies' Musical Club, was originally discovered by Ellers Music House. Students and professional violinists have crowded the Recital Hall in order to hear the wonderful records the great Belgian has made for the talking machine.

Ysaye's records will be a feature of the program tomorrow, which will be given in the Recital Hall as usual at 2 o'clock. There will be no charge for admission. Incidentally, Mr. Edison's new talking machine which uses indestructible records and requires no needle will be also featured.

CALIFORNIAN WILL BE LANE'S RIGHT-HAND MAN

WASHINGTON, Wednesday, April 30.—Secretary Lane announced today the selection of Prof. Adolph C. Miller of Berkeley, Cal., to be first assistant secretary of the interior department. The nomination will be sent to the Senate in the near future.

Miller has been a professor at the University of California since 1902. A resolution was introduced today by Representative Neely, of Kansas,

lect from the Missouri Pacific \$3,630,000, the outgrowth of financing by the government of the original railroad between Hannibal and St. Joseph, Mo., a resolution was introduced today by Representative Neely, of Kansas,

Jersey trip congests Wilson's engagements

WASHINGTON, Wednesday, April 30.—President Wilson's intended departure for New Jersey tomorrow on a speaking trip congested his engagements today.

Senator Robinson of Arkansas brought two constituents, who opposed the schedule, but the senator said he would support the tariff bill. Senator Gore talked about Oklahoma appointments. Senators Ashurst, Dillingham and Kern and Representatives Cox of Indiana, and Fitzgerald of New York each brought friends for a minute's chat with the President. Justice Lamar of the supreme court came to pay the President a visit.

Luis Rivera, resident commissioner from Porto Rico, told the President a delegation from the Porto Rico Association was on its way to protest against the tariff bill.

Representative Hobson, of Alabama, talked with the President about the tariff situation.

Walter H. Page, ambassador to Great Britain, came to have a final talk with the President before leaving for London. He will depart for his post within a few days.

Attorney-General McReynolds, Secretary Lane and Frank B. Kellogg, president of the American Bar Association, invited the President to attend the meeting of the association in Montreal next September, but he declined today.

Dr. E. B. Teusler, of Tokyo, talked with the President about promoting interest in an international hospital for Americans and Japanese at Tokyo. He told the President that when he left Japan recently there was no warlike feeling or hostility toward the United States.

Tonight the President will have, as dinner guests, Mr. and Mrs. Frank P. Glass. Mr. Glass was a student in Princeton during the President's college days.

REPRESENTATIVE BRITTEN DENOUNCES FREE TOLLS

WASHINGTON, Wednesday, April 30.—Repeal of the exemption of American coastwise vessels from Panama canal tolls and an amendment to place all coastwise vessels under an interstate commerce business under the regulations of the interstate commerce commission were saved today by Representative Britten of Illinois.

"In my judgment," said Mr. Britten, speaking from the floor, "that provision was one of the most unfair, unjust, dishonorable, high-handed and iniquitous things Congress has ever done, a palpable fraud intended to favor certain interests."

The Thompson store was in ruins before the single piece of fire apparatus on the whole of West Seattle had reached the scene after a four-minute run of forty-five minutes. The W. J. Johnson and E. Thomas homes adjoining had been saved by the heroic efforts of owners and neighbors.

The fire emphasized the lack of fire fighting apparatus in the district mentioned. Assistant Chief William Clark submitted this in a statement to Chief F. L. Stetson this morning. He described how the hose wagon arrived on the scene ten minutes after he arrived there in an automobile from fire headquarters, the horses covered with lather and exhausted. The team had made the run through the mud.

Chief Stetson says that the city has purchased a site for a fire station at Forty-fourth Avenue and Fauntleroy Park, and plans for the building have been submitted, but the city council is trying to erect a cheaper building because of lack of funds.

He intimates that the people of the great territory embraced from West Seattle's waterfront and Youngstown to Alki Point and Fauntleroy Park should get together and urge the building of this station at once, and that they should also urge the paving of California Avenue. Even a plank road on one side of the street would help materially in making the fire runs. In winter the mud is to be contended with and in summer the wheels of the hose wagon sink five inches into the sand.

Where Hatred Lurks.
Remarkable how much hatred a small mind can find room for.

A list of accredited high schools of the South is to be made out by the Association of Colleges and Secondary Schools of the Southern States, in order to stimulate the high schools to maintain high standards. It is intended that the "Southern list" shall be an honor list of schools for the entire section.
