## Never Ending Cures of Tuberculosis Performed on Your Neighbors

### I Challenge All Physicians in this State to Show Results One-Quarter as Good

My son Amos, when two and a half years old, had scarlet fever which left him in a very puny and delicate condition, requiring the almost constant care of our family physician. As the years passed he grew worse, until at ten years of age he had become so weakened that the slightest exertion completely exhausted him. At times he would appear as dead. Large swellings that formed on either side of his throat, together with adenoids, made breathing very difficult.

Not being able to cure or even temporarily relieve my boy's desperate condition, our family doctor finally called in consultation another eminent practitioner of this city. They pronounced it a true case of tuberculosis and said an operation was necessary to save the boy's life.

Knowing of the many cures of tuberculosis which Doctor Jordan of Seattle had performed, I at once, on learning that my boy had that dread disease, put the case in Doctor Jordan's hands. While Doctor Jordan concurred in the diagnosis, he said that an operation was not only powerless to cure the disease, but that it would positively kill the boy. He simply treated him with mild internal remedies and the boy began to improve rapidly. In a few months the swellings, together with the adenoids, had completely disappeared. This was two years ago and there has been no return of a sign of the disease. The boy is today as active and vigorous as other lads of twelve years of age.

I make this statement that other sufferers from tuberculosis may know where to seek a cure. My home is at 7048 15th Avenue N. E., Seattle.

(Signed) EYDIA E. McCANN

The above testimonial, like the many others which have appeared in this journal, demonstrates the thoroughness and permanency of Doctor J. Eugene Jordan's cures of Tuberculosis, Asthma, Anemia, Blindness, Bright's Disease, Ulceration of the Bones, Chronic Catarrh, Chronic Inflammation of the Bladder, Deafness from paralysis of the Auditory nerves, Diabetes, Protrusion Uteri, Dropsy, Chronic Dyspepsia, Epilepsy, Epithelioma (skin cancer), Chronic Erysipelas, Chronic Gonorrhea, Hard Lumps in Breast, Heart Disease (including Heart Leakage), Hip Disease, Infantile Paralysis, Locomotor Ataxia, Sciatitis, Semis Gonorrhea, Spinal Curvature, Strabismus, St. Vitus' Dance, Ulceration of Stomach or Bowels and most other so-called incurable diseases.

There being a number of Doctors Jordan in Seattle, it is well to bear in mind the full name and address of Doctor J. Eugene Jordan, 819 1/2 First Avenue, Seattle. Office hours, 9 a. m. to 8 p. m. Sundays from 2 p. m. to 4 p. m. Consultation free. Watch each Sunday Times for remarkable cures.

## ORGANIZED LABOR

### RAILWAY CARMEN SMOKER GUESTS

Members of Brotherhood From Nearly Every Division Point Along Northern Pacific Entertained in Seattle.

### ENDS BIENNIAL MEETING OF PROTECTIVE BOARD

Session, Opened on Monday, Devoted to Discussion of Routine Business and Reports of Lodges.

By C. D. STRATTON.

MEMBERS of the Brotherhood of Railway Carmen of America from nearly every division point along the entire Northern Pacific system were the guests of Puget Sound Lodge No. 307 of the big international organization, the Brotherhood of Railway Carmen, at the Labor Temple last night, the entertainment having been arranged in honor of the delegates to the biennial meeting in Seattle of the joint protective board of the lodges on the Hill line.

The joint protective board, with twenty-three members, corresponds to the grievance committee of the local labor union and holds its regular meetings at different cities along the Northern Pacific system. The Seattle meeting was held at the Labor Temple Monday and closed yesterday afternoon, the sessions having been devoted to discussion of routine business and reports from various lodges on the Northern Pacific line.

The business of the meeting disposed of, the visiting delegates were taken in hand by the members of No. 307 for the social part of the convention. The fast boxing bouts, a cup fight and addresses by the visiting delegates with the customary story telling and reminiscences, made up the program for the smoker. F. O. Schnebly, president of Puget Sound Lodge, was chairman of the evening and put the entertainment through on schedule to the entire satisfaction of the local and visiting lodgemen. A rich lunch was served during the boxing bouts and cigars were passed with the injunction to "smoke up" soon as the gravel fell.

Speakers of Evening.

Prominent among the speakers were R. B. Kenoyer of Pasco, retiring chairman of the protective board; Otto Erickson of Duluth, the newly elected chairman, and Joseph Clague, past president of Puget Sound Lodge, who was one of the two delegates representing Seattle in the annual meeting of the board, and who made a most interesting address on the business and purely social part of the order and conditions of the craft.

Most of the eighty members of Puget Sound Lodge, guests of the evening, and No. 188 of the Milwaukee system, sent a delegation. Many friends of the lodge were among the invited guests, and the order and conditions of the craft.

The committee on arrangements for the smoker was composed of: F. A. Larkin, chairman; W. J. Burkhardt, Charles Brockschmidt, Joseph Clague and John Hurley.

The officers of No. 307 are: F. O. Schnebly, president; H. J. Doris, vice-president; W. J. Burkhardt, financial secretary; John Rodenhausen, recording secretary; and F. A. Larkin, treasurer.

The members of the joint protective board who attended the Seattle meeting were:

Members of Board.

H. J. Doty, Seattle; G. A. Thompson, Tacoma; F. M. Haas, Auburn; F. M. Bowen, Ellensburg; C. E. Erick, Pasco; E. R. Vroman, Spokane; L. A. Kruger, Kootenai, Idaho; S. D. P. Slinger, Paradise, Mont.; C. E. Garmen, Missoula; Emil Erickson, Butte; S. J. Everett, Helena; Joseph Aavedahl, Livingston, Mont.;

Laurel; Matt Frisch, Billings; Mont.; Fred Grulke, Glendive, Mont.; Ben Sher, Dickinson, N. D.; Henry Roether, Mandan, N. D.; C. Deuster, Jamestown, N. D.; Fred Reiling, Fargo, N. D.; F. M. Weseman, Staples, Minn.; A. Dunnehan, Brainerd, Minn.; F. J. Maether, St. Paul; Otto Erickson, Duluth.

The retiring officers are: R. B. Kenoyer, Lodge No. 33, Pasco, chairman; John Paik, Lodge No. 134, Staple, Minn.; and C. E. Erickson, Lodge No. 124, Duluth, secretary-treasurer.

The new officers are: Otto Erickson, Lodge No. 124, Duluth, chairman; Matt Frisch, Lodge No. 165, Billings, Mont.; and C. E. Erickson, Lodge No. 134, Staple, Minn., secretary-treasurer.

Today the newly elected and retiring officers of the board are meeting at the Baden with G. H. Kennedy, general vice-president of the grand lodge, for the purpose of discussing the organization of a federation of the lodges in the Northwest. A plan will probably be agreed upon at this conference and carried out by the details left to Kennedy.

### JAPANESE QUESTION BEFORE BUTCHERS' UNION

Whether the Japanese journeymen butchers of Seattle shall be admitted to membership in Butchers' Local Union No. 81 was a question of rather large moment discussed at some length at the weekly meeting of the local in the Labor Temple last night. The Central Labor Council went on record as opposing the admission of the "organization of all workers in all crafts," in replying to a communication from the journeymen butchers' international union inquiring whether the council wished the Japanese butchers as well as the women barbers admitted to the international. The council had passed a resolution favoring the organization of all workers in all crafts and forwarded it to the barbers' international.

The butchers are the first local union to be the central body's suggestion for serious discussion. There are but a half dozen or so of the Japanese journeymen butchers and but one woman in Seattle and several of the speakers at the local union's meeting last night favored taking them into membership as a protective measure. Others opposed the move and the question will wait until the next meeting of the local.

### Hours Too Long.

Another important subject brought up was the hardship worked on the butchers and their families by the late hours of the city close at 6, except on Saturdays, when they are open until 10. The butchers go to work at 8 a. m. and close at 10 p. m. The downtown north end suburbs and work in downtown markets are compelled to get up at 6 a. m. and go to work at 8 a. m. and close at 10 p. m. and consequently, as it was asserted in the discussion last night, get home only to sleep. The local will begin a campaign to induce all members of organized labor to "shop early" and favor the markets that close at 6.

### Irrigates the Blood Knocks Rheumatism

A Remedy That Flushes the Blood From Head to Foot.

To get rid of rheumatism requires that the blood be completely flushed—not a mere makeshift as by salts and pain killers. The long record of E. S. S. is important to know. It has found its way into every section of the nation. It is the most widely used and most reliable remedy for rheumatism there is for all blood troubles. And it is a known fact that rheumatism is primarily a blood trouble.

It is conceded by the closest students of the subject that rheumatism is caused in most cases by an acid condition of the blood and aggravated by the remedies commonly used for relief. In other cases rheumatism is the result of nervous depression; in still others it is the effect of some vitiated blood condition, having been treated with mercury, iodides, arsenic, and other poisonous mineral drugs.

The recoveries of all these types of rheumatism by the use of E. S. S. is a wonderful tribute to the natural efficacy of this remarkable medicine. For it is assimilated just as naturally, just as specifically, and just as well obtained as the most acceptable, most palatable and most readily digested food. Do not fail to get a bottle of E. S. S. today, but insist upon S. S. S. Don't accept a substitute. It will be astonished at the results. If your rheumatism is of such a nature that you would like to consult a great specialist confidentially, write the Medical Dept., The Swift Specific Co., 55c Swift Bldg., Atlanta, Ga.

## WHAT NEURASTHENIA IS

Neurasthenia is a condition of exhaustion of the nervous system. The causes are varied. Continuous work, mental or physical, without proper vacation periods, without proper attention to diet and exercise, also worry over the struggle for success, are the most common causes. Excesses of almost any kind may produce it. Some diseases, like the grip, will cause neurasthenia. So also will a severe shock, intense anxiety or grief.

The symptoms are over-sensitiveness, irritability, a disposition to worry over trifles, headache, possibly, nausea. The treatment is one of nutrition of the nerve cells, requiring a non-alcoholic tonic. As the nerves get their nourishment from the blood the treatment must be directed toward building up the blood. Dr. Williams' Pink Pills act directly on the blood and with proper regulation of the diet have proved the greatest benefit in many cases of neurasthenia. A tendency to anemia or bloodlessness, shown by most neurasthenic patients, is also corrected by these tonic pills. Your own druggist sells Dr. Williams' Pink Pills.

Two useful books, "Diseases of the Nervous System" and "What to Eat and How to Eat," will be sent free by the Dr. Williams Medicine Co., Schenectady, N. Y., if you mention this paper.

## NEW RULING NOT FELT IN SEATTLE

National Banks Not Affected to Any Marked Extent by Plan to Make Them Pay Reshipping Charges.

### FEW NOTES SENT EAST THAT ARE EVER RETURNED

Change Will Mean Quite a Saving to Issuing Institutions That Have Paid Expressage in Past.

The national banks of Seattle will be affected only to slight extent by the recent ruling of the treasury department that the cost of shipping to Washington national bank notes for redemption must bear the cost of reshipping to the issuing bank such of its bills as are found fit for further circulation. The issuing bank has borne this charge heretofore.

It is estimated that fully 60 per cent of the bank notes sent to Washington for redemption go from New York banks and naturally the expense to the banks there will be greater than that of the rest of the country. The movement of national bank currency from banks of the larger cities to Washington is constant. There it is sorted over, the ill-dated bills are removed and replaced with new ones, and these, with notes, that are stored for circulation, are sent to the issuing banks.

Practically the only notes sent from Seattle to Washington for redemption are those so badly mutilated and worn that they cannot be used longer. They have had to pay express charges in the past on notes returned, the banks sending the notes in must now net the charges.

## AUTO SPEED MANIACS THREATENED WITH JAIL

Jail sentences for automobile speeders, arrested for second offenses, were promised by Judge John B. Gordon in open court yesterday. The judge's ire was excited by the presence at the regular semi-weekly trials of violators of the automobile and traffic ordinances of several men whose faces have grown familiar to the court.

"I want it understood, once and for all," Judge Gordon declared from the bench, "that a several of you who are here today for speeding are brought into this court again, you will receive a jail sentence upon conviction. This also applies to you men who insist upon violating the traffic ordinances. You had better learn your lesson today."

J. E. Bodwell acted as city attorney in the absence of W. F. Van Ruff, and about a score charged, with violating the automobile and traffic laws were convicted and sentenced to pay fines. The heaviest fine of the day was assessed against Louis Tollison, 27 years old, a taxicab driver, who was convicted of driving his machine forty-five miles an hour on Boylston Avenue North. Tollison was fined \$75.

Others fined for speeding were: S. E. Adams, \$14; George Tapp, \$5; R. F. Lawrence, \$16; E. W. Sperry, motorcycle speeding, \$24; S. Wendell, \$24; S. Tomarski, \$3; Percy Aubei, \$2; Neil Nelson, \$3; G. E. Hallberg, \$3; F. W. Erickson, \$30; James Platt, \$4; J. E. Denegre, \$20; Herman Schroeder, \$14; P. Babnaw, \$2; E. M. Hewitt, \$20; and Aurelius Snyder, \$12.

## YEGGMEN GET NOTHING AND LOSE \$10 TO BOOT

SPOKANE, Wednesday, June 3.—Burglars who cracked a safe in a grocery store in the west end of Spokane Sunday night but found nothing in it had the additional hard luck to lose a \$10 bill as a result of their visit.

When the proprietor opened the store the following morning, he found the safe demolished, but as he had left no money in it, the burglars gained nothing. Lying on the floor near the ruins of the safe was a crisp new \$10 bill, which evidently had been dropped by the intruders.
