## BELGIAN GUN IN BATTLE

PHOTOGRAPH OF ACTUAL BATTLE SCENE IN BELGIUM. The scene above was photographed during the fighting between Termonde and St. Giles, in the outskirts of Antwerp, before the actual bombardment of the city began. The Belgians' guns are served with smokeless powder so that only a slight haze at the mouth follows the discharge. This field piece is firing upon the Germans advancing in this distance.

## THRILLING GAME WON BY BRAVES

### Champions of National League Take Third Game From Philadelphia Athletics by Score of 5 to 4.

### STRUGGLE CLOSE FROM FIRST INNING TO LAST

### Gowdy's Formidable Bat Which Hammers Out Homer and Two Doubles, All Meaningful Runs, Decides Contest.

FENWAY PARK, Boston, Monday, Oct. 12.—In a thrilling finish of a twelve-inning struggle, the Boston Braves, champions of the National League, today defeated the Philadelphia Athletics by a score of 5 to 4. The world's series games now stand: Boston, 3; Athletics, 0. The struggle was nip and tuck from the first to the last inning, and it was Catcher's Gowdy's formidable bat that carried the day for Boston. He drove out a home run and two doubles, all of which meant runs for Boston.

Bush pitched with honors fairly even. It looked like a victory for the Athletics when they scored two runs in the first half of the tenth inning but Gowdy drove out a home run. Then bases on balls, a single by Myers and a sacrifice fly by Connolly tied the score.

In the twelfth, Gowdy doubled and Mann, running for him, scored when Bush threw Moran's bunt into left field.

The attendance was 35,520. Total receipts were \$63,808. National commission's share, \$6,280.89; players share, \$34,456.32; each club's share, \$14,851.

The scoring was started by the Athletics in the first inning. Murphy walked with two out, stole second, and scored when Gowdy knocked a two-bagger into the left field bleachers.

In the fourth inning, the Athletics again took the lead. McNinn doubled into the left field stands. Connolly, in an effort to catch the ball, turned a somersault over the low fence but arose unharmed. McNinn scored on Walsh's sharp single, to left, which Connolly juggled.

The Braves got their second run in the same inning. Schmidt singled over

## FIGHTING TURNS TOWARD OSTEND AS NEXT PRIZE

### Sea Coast Town Said to Be Worth More to Germans Than Dozen Antwerps and Fighting to Be Heavy.

THE situation following the fall of Antwerp is summarized by the London office of the Associated Press in the following cable dispatch: The news of German movements between Antwerp and Ostend up to the present is so fragmentary and contradictory as to be almost worthless. The Germans are maintaining their customary secrecy and reports coming from Belgian and Dutch sources of heavy repulses to the Germans with losses suspiciously large and round numbers, are looked at askance nowadays.

The capture of Ostend, it is conceded, would be worth the possession of many Antwerps to the Germans, so it is taken for granted they will not enter the popular seaside resort without fighting for every foot of the way.

Great events depend on the result of the battle now in progress on the line of Lassigny and Lens, and the other operations connected therewith in which the three German army corps released from the siege of Antwerp will try to take part.

The retention of Arras by the French after fierce fighting, during which the place was lost and retaken, is regarded as important, as the town is well to the northward of Verdun. There is no confirmation of the report that the civil population of Belfort is

## WILSON URGES AGREEMENT ON COAL MEASURE

### President Indicates He Would Like to See Legislation Finished at This Session Before Adjournment.

WASHINGTON, D. C., Monday, Oct. 12.—Efforts to secure an agreement between the Senate and House on the Alaska coal leasing bill, were renewed today. President Wilson indicated to the House and Senate leaders that he would like to see this legislation go through before adjournment if it were possible to get together and new conferences were appointed for Senate and House to fill the places of absentees.

Senator Thompson of Kansas took the place of Smith of Arizona and Representative Lefolite of Washington and Taylor of Colorado were approved in the House as substitutes for Graham of Illinois and Leavitt of Wisconsin.

The committee began consideration of the bill late this afternoon and the hope was expressed that an agreement would be reached so that a report could be presented to the House and Senate by middle of this week.

### POSTAL CLERK JAILED

EL PASO, Tex., Monday, Oct. 12.—Clare L. Rogers, clerk in the El Paso postoffice, was placed under arrest yesterday on a federal complaint charging him with the embezzlement of five registered packages containing \$25,000 in currency. The money was mailed by the First National Bank of El Paso to the National Bank of Commerce at New York September 2.

## LOCAL AVIATOR DROPS BOMBS IN KIAUCHAU FORTS

### George Takasow, Whose Air Apprenticeship Was Served in Seattle, Now Attached to Japanese Forces.

By JOHN EVANS.

AVIATOR GEORGE TAKASOW, a Japanese whose air apprenticeship was served in Seattle and who within the year went to Japan to instruct army aviators, is now with the Mikado's fleet before Tsintau and is carrying his father, a second lieutenant in the army, with him as military observer and bomb thrower.

This interesting information is contained in a letter received by A. E. Tatsuni from Takasow Saturday. The letter is dated at Tokyo, September 8, the day on which Takasow was to depart for his station with the Japanese fleet at Laosuan Bay, the naval base near Tsintau. A portion of the letter, translated, follows:

"Less than two years ago I was making my first exhibition flights at the Seattle Polytechnic. Tonight, accompanied by my lieutenant father, I am leaving to join the converted scout cruiser Shibuya, for patrol, observation and bomb dropping duty at Tsintau. My father, who had his first rise in an aeroplane with me when I returned from Seattle, has been transferred to the observation corps and assigned to command of my aeroplane, which now is a hydro with a big seventeen-foot pontoon.

"I have no rank in the army, being simply a volunteer pilot under the direction of my father or any other officer detailed to my aeroplane. The government purchased my Curtiss for \$5,500 and paid me for making the changes necessary to make it available for scout duty on the fleet.

"Changes Made in Machine.

"You would not know the machine now. It is a long steel brace running five feet forward and aft of the center and resting on the cross bracing in a swivel bearing in the center is mounted a laminated spar which rises through the center of the plane and three feet above it. This is the central support for all brace wires from the main sections, each being attached to a central ring which surrounds the spar or mast like the rings of a propeller. These rings turn when flying conditions are rigid, but when it comes time to lift, the hydro basins the deck of the vessel and the pontoon swings back under the wings directly opposite the position of the spar and the rigidity of the plane is not interfered with.

"The hydro-aeroplane is raised above the level of the deck, it is swung back and placed in a cradle just forward of the funnel. Actual launching can be accomplished in four minutes after the engine has been tested and all supports checked by carefully. Removal from the surface of the water takes ten minutes, and is a dangerous proceeding as the observer and members of the crew assigned for the purpose have to use great care to keep the machine from striking against

(Continued on Page Seven.)

## APPLE GROWERS GIVEN PARK AS MARKET PLACE

### Bon Marche Offers Free Use of Its Fourth Avenue Property to Producers During Apple Week.

By PAUL C. HEDRICK.

EASTERN WASHINGTON apple growers, to the number of thirty, for seven days during "Apple Week" can have free use of the big Bon Marche Park, on Fourth Avenue between Pine and Pike streets, for the sale of their fruit, providing the recognized fruit growers' organizations in the Wenatchee and Yakima districts appoint representatives to come to Seattle with the growers or their representatives and superintend the display and the sale of the fruit.

It was decided this morning at a conference between B. C. Beck of the Bon Marche and E. A. Wanamaker, Charles Frasch and George Dyer, a special committee representing the Western Avenue commission men. Neither the Bon Marche nor the commission merchants will sell apples at Bon Marche Park, the purpose of the scheme being to utilize the fine property of the big store to forward the interests of the growers exclusively.

Wires were sent this afternoon to officials of the apple growers' organizations at North Yakima and Wenatchee asking their cooperation in the enterprise. Arrangements will be made by the Bon Marche for the construction of booths twenty by thirty feet each, covered with tarpaulin awnings, the booths to have an aggregate capacity of more than 1,000 boxes per day in the sale and movement of the fruit.

One of the best reasons exist for the support of the "Buy a Box of Apples" movement by the physicians of the Pacific Northwest States, is the contention of Dr. W. McDowell, 400 S. Cobb Building, a well-known Seattle physician. He said to the Times today that if the public generally knew the chemical and food values of the apple, that prime fruit would be much more generally used, to the benefit of the public health.

"The apple properly is entitled to first place in the list of our food accessories, said Dr. McDowell. The foods are generally classified as proteins, fat, carbohydrates, mineral salts and water. Apples are rich in all of these and promote assimilation of those foods and the elimination of waste products.

"The value of the food accessory lies in its solvent power; its power to maintain the body's acid balance, its blood and tissue.

"The apple's reason of its citric, malic and tartaric acids, and of its potassium and phosphates, furnishes mankind with its most agreeable and most available sources of solvents for the assimilation of the fats, proteins, and mineral salts, and for the elimination of waste products. It is a waste product and for the prevention of scurvy and rickets. To make babies' teeth, bone, nerves and muscle, apple juice is now taking the foremost place."

## ILLINOIS STATE OFFICIAL KILLS SELF AT CAPITAL

### Harry Woods, Secretary of State, Shoots Himself to Death and Cause of Act Has Not Been Learned.

SPRINGFIELD, Ill., Monday, Oct. 12.—Secretary of State Harry Woods, one of the Democratic senatorial candidates at the September primary, and former operator on the Chicago Board of Trade, killed himself yesterday morning. His lifeless body, with a bullet wound in the center of the forehead and a revolver clutched in his right hand, was discovered this morning lying in the tool room in a garage at the rear of his residence.

John J. Coffey, assistant chief clerk in the auditor's office, was placed in charge of the office of secretary of state by Governor Duane.

An examination of the accounts of the office was started at once. The last return of fees to the state treasury by Secretary Woods was on June 30, when the total was \$370,536 for the quarter. No return had been made for the quarter ending September 30.

No note of explanation was left by Mr. Woods and the only clue which would give a possible indication for cause of the deed was a bulky bundle in a trunk in the sawdust at the rear of the house.

## ATHLETICS FAILED TO PLAY FAVORITE GAME WITH JAMES

### Had Faith in Wallop and Did Not Wait Him Out—Usual Tactics Pursued in American League, Cobb Says.

By TY COBB.

(Copyright, 1914, by Ty Cobb.)

BOSTON, Monday, Oct. 12.—Most followers of the present series—that is, the newspaper experts—appeared to be amazed by the fact that the Athletics did not attempt to wait James out in the game Saturday, but, instead, swung at the ball when they had the count 2 and 0, or 3 and 1.

I think the Athletics did exactly the right thing. It was on these tactics they figured to beat the big Boston pitcher and they still had faith in the wallop.

In our league, when we get the pitcher in the hole, we figure that the next ball he pitches will be what we call a "cripple"—one with very little "stunt" on it, because his primary intent is to get the ball over. This always seems to be the one to "pop" and the Athletics have always played this style.

Where James crossed them was that he did not offer them anything stripped of "stunt" and the balls pitched, supposed to be "cripples," were not.

I recently met Dick Hobitzel, who played with the Cincinnati club for several seasons and who went to the Red Sox. This general style of play in the American League snags him.

"It strikes me as funny," he told me, "in the National League with two and nothing on the field, the pitcher will pitch. We always let the next ball and one. I figure it, the one to pounce on is the criddle and the Athletics feel the same way about it."

## SUFFOCATED IN PILE OF SAWDUST AT MILL

### Young Man, Denied Lodging at Hotel, Dies When He Crawls Into Pile.

RAYMOND, Wash., Monday, Oct. 12.—Albert Stole, 25 years old, a recent arrival from Black Diamond, was found suffocated beneath the sawdust in the boiler room of the Siler mill early yesterday morning. It is thought he crawled into the boiler room to spend the night, having been denied lodgings at a hotel on account of his queer actions. His mother resides in Hoquiam.

## CHOLERA SPREADING THROUGHOUT AUSTRIA

### VENICE, Monday, Oct. 12.—Cholera is spreading rapidly in the remotest district of Austria. A case has been discovered at Feldkirch, in the province of Vorarlberg, near the Swiss frontier. The Austrian troops in Galicia are being vaccinated against the disease.

The cold weather has caught the Austrian soldiers in Galicia unprepared and the authorities are making most urgent appeals to the public to contribute warm clothing.

Owing to the increase in the price of flour, the Vienna bakers' association announced that its members will make only big loaves of the so-called "war bread" and that they will sell only for cash. The consumption of horse flesh in Vienna is increasing rapidly. As many as 200 of the animals have been brought into the market in one day.

## HUNDRED MEN HUNT FOR BOY IN WOODS

### Bloodhounds Lose Trail of Vancouver, Wash., Lad Missing Since Last Saturday.

VANCOUVER, Wash., Monday, Oct. 12.—A hundred men are searching the woods on the bank of Matthews Harris, 11-year-old son of J. T. Harris, who disappeared last Saturday when he started hunting with a tin snapper, a 16-year-old Vancouver high school student.

The boys became separated and Tower returned but he cannot assist in locating his friend. Bloodhounds of Sheriff Wood, of Portland, traced him seven miles to a mill pond, where the scent was lost yesterday. Both boys had guns and the feared Matthews may have been accidentally killed or has died from exposure.

## TO RELIEVE TROOPS

### WASHINGTON, Monday, Oct. 12.—Reorganization of the Colorado state militia in order to relieve the federal troops now on duty in the coal strike region there is being planned by Governor Ammons, according to information reaching President Wilson.

The Moore Theatre Is Showing "St. Elmo" The Great William Fox Spectacle All Week

The six-part photoplay production of Augusta Evans' great American story opened to large audiences at the Moore yesterday. This is a most wonderful feature film containing nearly two hundred great scenes. It is seldom a photoplay of this magnitude is offered here, and no doubt a big business will result. The play is showing twice daily, at 2:30 and 8:30 p. m. All seats can be reserved. The price scale for the Fox features has been placed at 10 and 20 cents.

Easy Beginning Made Possible

A quick success in any business enterprise depends on being able to offer greater values than can be obtained otherwise.

We were exceptionally fortunate in obtaining the fine stock of pianos and player-pianos from A. W. Meyer at extraordinarily low prices. So we are able to sell them at lower prices and terms than it will likely ever be possible for us to buy pianos, much less sell them.

This is certainly a case where the present is the opportunity time. Use it.

A. H. WAITE PIANO CO. (Successors to A. W. Meyer) 1317 Fourth Ave., Between University and Union.

LOCAL AVIATOR DROPS BOMBS IN KIAUCHAU FORTS

(Continued From Page One.)

the side of the scout boat. The craft is fitted by a 100-foot crane arm. The machine is different, too, in that instead of the upper and lower sections being separate, it now consists of a middle section of usual construction, with the ends of the wings built like two great boxes, each containing an aileron. In this way damages can be repaired almost immediately as extra and center sections are carried and the machine can be made new, so far as the wings are concerned in six hours of fast work.

May Go to Europe. "Japan needs aviators badly. If Tereza is in shape to fly now, he would do well to come over here. The government will buy his machine, give him instructors to teach him to fly expertly and will give him a city to show his love for his native country as soon as he is capable. We look for the war to last for years, and it is whispered about that Japanese troops and aviators will one day be needed in Europe."

George Terada, the amateur aviator who is now trying out his tractor-biplane on Harbor Island, smiles dramatically when asked if he intends to go to Japan to aid his native country. However, he says he is not sure of much hurried work nowadays and it is believed that the machine will disappear in the near future, with Japan as its ultimate destination.

U. S. JUDGE SUED FOR HIS DECISION

Kenesaw M. Landis, of Chicago District, Made Defendant in Action for \$25,000 Damages for Jail Term.

CHICAGO, Monday, Oct. 12.—Suits for \$25,000 damages filed against United States Judge Kenesaw M. Landis on Saturday, it became known today, is the result of thirty days spent in jail by Frank Blackledge on a contempt charge preferred by the federal judge. If the suit is pressed to trial it will be the first time in local history, it was said, that a United States judge was sued for damages as a result of one of his decisions.

CONVICTS RECAPTURED

DENVER, Monday, Oct. 12.—Eugene Talbot Miller and Richard West, convicts in the state penitentiary at Canon City, who escaped Saturday night in the state automobile used by Warden Thomas Ryan, were captured early yesterday at Syracuse, Kan., according to a report received here.

Shawandasee Club

The Shawandasee Club will meet tomorrow afternoon at the residence of Mrs. E. Hunt, 1514 Eleventh Avenue West.

W. C. T. U. Federation

ON sale Tuesday, two patterns in In-laid Linoleum at 90¢ square yard; two patterns at 80¢ square yard. Exceptional values. An extra charge of 10¢ square yard is made for laying. —Second Floor.

FREDERICK & NELSON

OVERSTUFFED Tapestry Furniture

OVERSTUFFED Furniture, with its hospitable appearance and luxuriously comfortable qualities, is fast gaining wide favor in our best-furnished homes.

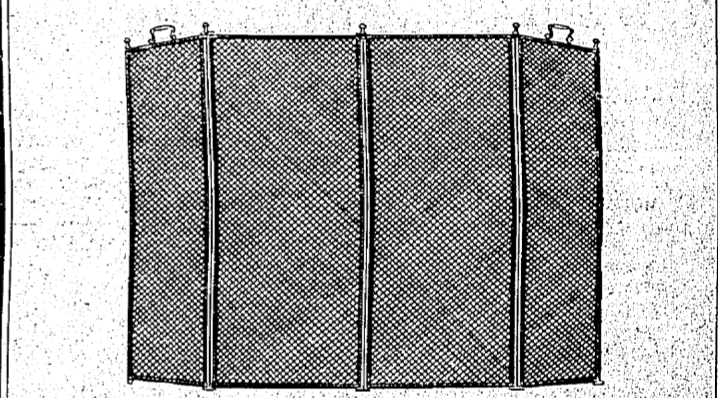

This season we make an exceptionally large showing of this desirable Furniture, including some very fine Davenport, Chairs and Rockers, covered with soft-toned, artistic tapestries in colorings to harmonize with any interior.

An example of the attractive designs and values is shown in the massive Overstuffed Davenport pictured above, which is priced at \$165.00.

—Furniture Galleries, Fourth Floor—

Closing Out Odd Floor Samples in Many Kinds of Furniture

New purchases of Furniture are fast arriving and we are quoting very low prices to dispose quickly of odd samples and discontinued patterns now occupying space on our floors needed to display the new goods. The furniture involved ranges from the medium-priced to the finest grades, and the opportunities for saving are decidedly unusual. —Third and Fourth Floors.

Furnishings for the Fireplace

AN unusually interesting display of Andirons, Fire Sets, Screens, Spark Guards and other requisites that go to make the cozy, well-appointed fireplace, including many designs shown this season for the first time.

ANDIRONS in black, Flemish iron and Colonial brass finishes, \$1.50, \$1.75, \$2.50 to \$9.75 pair. FIRE SETS to match Andirons, \$3.25, \$4.50, \$5.00 to \$17.50. FIRE SCREENS in various styles and finishes, \$3.75, \$4.50, \$6.00 to \$35.00. FIRE GRATES, \$5.00, \$5.50, \$6.50, \$8.00 to \$12.50 each. —Housewares Section.

Linoleum Specials

ON sale Tuesday, two patterns in In-laid Linoleum at 90¢ square yard; two patterns at 80¢ square yard. Exceptional values. An extra charge of 10¢ square yard is made for laying. —Second Floor.

SHELLS LAND ON NAGO GARRISON

NAGO, Ariz., Monday, Oct. 12.—The Carranza garrison of Nago, Sonora, was again ambushed today to shell five from the guns of Governor Maytorena. The Villist artillery which threw four shells into American territory yesterday, doing considerable damage, seemed to be better handled today, as the shells fell into the Mexican town.

H. L. SIZER EXPIRES AFTER BRIEF ILLNESS

H. L. Sizer, a resident of Seattle for the last twenty-four years, died at his home, 7018 Palatine Avenue, Sunday night at 9 o'clock after an illness of a few days. He had been connected with the Penn Mutual Life Insurance Company's branch in this city for more than twenty years and was a prominent member of the Plymouth Congregational Church. He was a native of Fondre, N. Y., where he was born February 22, 1852. Mr. Sizer is survived by his widow and four sons, all of this city.

Willie Wanted to Know. The talk topic turned to the inquisitiveness of the youngsters, the other night, when Congressman Edgewood was asked by a young member of an incident that recently happened in a big metropolitan city. "What do you want to know that for?" he answered, "and you called both," answered little Willie, "and I just wanted to know whether I am a grub or a calf."—Philadelphia Telegraph.

SELECT DANCING PARTIES HIPPODROME Fifth and University. Class Amusement. Homelike Surroundings. 10-PIECE UNION ORCHESTRA. Competent Leading Teachers.

MEXICAN CONSULAR SERVICE CHANGED SAN ANTONIO, Tex., Monday, Oct. 12.—Jorge W. Orozco has been selected to succeed Graciano Uquidli as Mexican consul-general in New York, according to a dispatch from Eagle Pass, Tex. The dispatch also states that a conference between Foreign Minister Fabila, of General Carranza's cabinet, and R. E. Muzquiz, Constitutional representative at El Paso, reorganization of the entire Mexican consular service was decided on.

Map for Bridal Couple. A happy couple were on their way to Scotland. They had to change trains at Carlisle, and an obliging porter while struggling with the luggage, noticed that the young lady's hair was dotted with flecks. He approached the young man and, pulling a folded paper from his pocket, said: "A present for you, sir, with the company's compliments." "Indeed," said the traveler, "what is it?" "A railway map, sir." "Oh, thank you; but what are these marks in blue pencil?" "That's the beauty of it, sir. These marks show just where the tunnels are and their length."

ONLY LOCAL TROUBLE, DECLARES PRESIDENT WASHINGTON, Monday, Oct. 12.—Firing across the international border at Naco, Ariz., yesterday by American patrol troops and Mexican soldiers was characterized today by President Wilson as a "local difficulty." Apparently he considered that the incident had no bearing on the general situation in Mexico and was not inclined to attach much importance to it.

ONLY LOCAL TROUBLE, DECLARES PRESIDENT

WASHINGTON, Monday, Oct. 12.—Firing across the international border at Naco, Ariz., yesterday by American patrol troops and Mexican soldiers was characterized today by President Wilson as a "local difficulty." Apparently he considered that the incident had no bearing on the general situation in Mexico and was not inclined to attach much importance to it.

San Antonio, Tex., Monday, Oct. 12.—Jorge W. Orozco has been selected to succeed Graciano Uquidli as Mexican consul-general in New York, according to a dispatch from Eagle Pass, Tex. The dispatch also states that a conference between Foreign Minister Fabila, of General Carranza's cabinet, and R. E. Muzquiz, Constitutional representative at El Paso, reorganization of the entire Mexican consular service was decided on.
