MARKETS OF THE WORLD

PRICES ON IRON PRODUCTS LOWER

Trade Review Gives Dullness of Domestic Demand and Failure of Foreign Business to Develop as Cause.

CAPACITY OF FURNACES NOW BEING REDUCED

Quotations on Semi-Finished Material Show Considerable Irregularity — Wire Mills Continue Active.

CLEVELAND, Ohio, Thursday, Oct. 15.—The Iron Trade Review today says: The continuation of the dullness in domestic demand and failure of foreign business to develop into orders of appreciable size are having effect on prices. Buffalo pig iron has receded to lower levels and semi-finished materials are weaker. Contracts for tin plate at Chicago have been made at very low prices and there is weakness in nearly every production. Wire is almost the only exception to the rule. The capacity of furnaces in steel plants and rolling mills is being reduced.

The appearance of two textile machinery builders of New England and a few other buyers in the New York pig iron market resulted in more sales than had been made in that district during any week since last July, but the total tonnage was only about 10,000 and the eagerness of furnaces to take the limited amount of business was indicated by the development of lower prices.

Foundry Iron Shaded.

There has also been some shading on foundry iron at Pittsburgh and very little, if any, Southern iron is sold at more than $10 for No. 2 Birmingham. Eastern merchant furnaces at present have on their books unfilled tonnage to keep the plants now in operation busy for the next four months, but the going capacity is much below normal. During the past few days the tendency toward weakness in prices of shapes and bars has developed and on anything like desirable business the ruling quotations on these products is $1.15, Pittsburgh.

Prices of semi-finished material are showing considerable irregularity and little difficulty is experienced in shading recent quotations. A sale of forging billets was made at $23, Cleveland. Inquiry from foreign consumers continues and with somewhat better prospects of sales being made.

Wire mills continue busy and specifications especially from jobbers are satisfactory. Considerable foreign business is being done. Owing to the inactivity in the oil and gas fields, steel pipe mills are operating at only about 50 per cent of capacity.

The city of Cleveland has awarded 3,200 tons of cast iron pipe to the leading interest.

NORTH BANK ROAD IN YEAR LOST $898,172

OLYMPIA, Thursday, Oct. 15.—Although operating revenues of the Spokane, Portland and Seattle (North Bank) Road totaled $4,901,740.24 and other revenues of the line amounted to $1,498,660.19, the railroad ended the fiscal year June 30, 1914, showing a net loss of $898,172.85, it shows in its annual report, just filed with the public service commission.

Operating expenses were $2,808,642.54, deductions for interest on debt, etc., totaled a much greater sum, $3,843,287.60, while taxes amounted to $640,800. The company also shows a deficit of $5,843 on auxiliary operations, principally accounted for by its loss on dining car service, as a profit was made on operation of sleeping cars.

The road carried a total freight tonnage of 1,137,146 tons, it shows, of which 29.91 per cent consisted of agricultural products, 37.26 per cent of lumber and its products and 15.58 per cent manufactures.

DEFICIT OF $2,828,142 REPORTED BY FRISCO

ST. LOUIS, Thursday, Oct. 15.—A net deficit of $2,828,142.28 is shown in the annual report of the St. Louis and San Francisco ("Frisco") Railroad for the fiscal year ending June 30, which was issued by the receivers at the railroad's headquarters here yesterday. The report, however, shows a decrease of $3,878,886.91 in the funded debt and equipment bonds and notes.

A further expenditure of $1,054,384.22 for additions and the betterment of properties makes a total expenditure of $4,933,271.13 on capital account during the year. The receivers have reduced the working liabilities $5,632,555.48 during the year.

SITE BOUGHT FOR NEW WEST SIDE HIGH SCHOOL

The school board yesterday authorized the purchase of a tract of land, 200x528 feet, adjoining the Hiawatha playfield in West Seattle, as a site for a new high school in that district. The property will be acquired from the Dr. Lane estate for $17,000. It is two blocks south of the present building and it is the intention of the board to have the new building face the park.

Negotiations were closed with the park board for a twenty-five year lease of the Washington Park playfield. Plans are to be prepared by Architect Edgar Blair for grandstand and bleachers to be erected for use at all athletic contests.

Principal Arthur Wilson was appointed supervisor of the evening high schools.

PIKE PLACE MARKET SPECIALS FOR FRIDAY

Specials for Friday at the Pike Place Public Market: Stall 1523—Fresh whole salmon, 25c each; halibut, 3 lbs. 25c; tenderloin of sole, 2 lbs. 25c. Stall 22—Guaranteed eggs, 2 dozen 75c; Jersey butter, 35c lb.

SALE OF HOLIDAY TICKETS

The Great Northern Railway announces that it will sell Christmas holiday excursion tickets this year between all points in Idaho, Washington, Oregon and British Columbia. This is of particular interest to University of Washington and other students returning home for the Christmas holidays. Excursion fares will be on sale December 18 to 24 and will be good returning until January 5. The round trip fare will be the sum of one and one-third of the one way fare.

GREAT NORTHERN REPORTS EARNINGS

Statement for Fiscal Year Shows Dividends Paid Totaled $15,063,048 — Income Balance, $3,311,122.

OPERATING REVENUES WERE $75,441,365.51

Of This Amount, $10,019,561.88 Is Attributed to Local Business — Expenses Were $46,519,272.82.

OLYMPIA, Thursday, Oct. 15.—With operating revenues of $75,441,365.51 for the fiscal year ending June 30, 1914, the Great Northern Railroad was able to pay dividends of $15,063,048 and put aside an income balance of $3,311,122.14, it shows in its annual report, just filed with the public service commission.

Operating expenses of the road were $46,519,272.82, and deductions for interest on debt, etc., were $4,790,572.79. On auxiliary operations the road netted $159,250.78 during the year, the report shows. This is accounted for by the profit of $253,594.64 made in operation of sleeping cars, which the Great Northern itself operates, having no dealings with the Pullman company. On its diners, on the other hand, the road lost $77,947.16 and on its amusement parks and resorts a loss of $30,000 is reported. A slight profit was made on hotel operation.

Of the total operating revenues, $10,019,561.88 is attributed to Washington business, while of the operating expenses, $7,687,365.14 is charged to this state. The proportion of operating expenses, 76 per cent of the revenues allotted to this state, is higher than the 61 per cent prevailing for the system on account of the location of Western terminals in this state, all expenses of which are charged to Washington business.

The entire Great Northern system handled during the year 30,857,598 tons of freight, the report shows, of which 1,512,132 tons was intrastate Washington business, no attempt being made to segregate the amount of interstate business originating in this state. The freight carried by the system brought in revenues of $55,025,015.71, while the 9,199,259 passengers carried by the system paid fares of $15,224,462.52.

Of the freight tonnage transported within the state of Washington, 18 per cent was agricultural products, 38.36 per cent lumber and lumber products and 27.91 per cent manufactures.

SPECIALS FOR FRIDAY AT SANITARY MARKET

Specials for Friday at the Sanitary Public Market include: Stall 128—Fresh Dungeness crabs, 3 for 25c; shrimp meat, 40c lb.; salmon, 10c lb., 3 lbs. 25c; clams, 5c quart; finnan haddie, 15c lb.; kippered herring, 15c lb., 2 lbs. 25c; salmon trout, 20c lb.; Eastern oysters, 35c pint. Stalls 18-25—3 10c pkgs. raisins, 25c.

MRS. MAY WEST DEAD AFTER LONG ILLNESS

Mrs. May West, wife of Patrolman William West, a member of the Seattle police force for many years, who had resided in this city for more than a quarter of a century, died yesterday afternoon at Minor Hospital, following a lingering illness, the last two years of which she had been a cripple. She was 56 years old.

Mrs. West is survived by her widower and three sons, by a former marriage, Jesse, Harry and James Cain, all of Seattle.

Funeral services will be held at the Bonney-Watson chapel tomorrow afternoon at 3:30 o'clock in charge of Palm Circle No. 68, Ladies of Woodcraft, following which interment will be made in Lake View Cemetery.

DECLINE COMES TO WHEAT MARKET

Little Firmness Shown at Opening, but Material Setback Soon Follows—Free Offerings Responsible.

CORN HAS ONLY POOR SUPPORT DURING SESSION

Traders in Oats Lean to Opinion That Buying of Late Has Been Overdone—Provisions Prove Weak.

CHICAGO, Thursday, Oct. 15.—Although wheat today showed a little firmness at the start prices later underwent a material setback. The decline appeared to be the result of free offerings made by leading firms when the market began to advance. Buying power seemed relatively lacking in force. The opening, which ranged from ⅛c off to ⅛c upturn, was followed by a reaction of ⅛@¾c under last night's level. Afterward, a decided rally took place because of assertions that immense quantities had been sold for export. The effect, though, failed to last and prices went lower than before. The close was unsettled ¼@¾c net lower.

Corn had only poor support and eased off with wheat. The outlook for better weather was against the bulls. After opening a shade to ¼c down, the market continued to sag. Reports of cheap prices for Argentine corn had a depressing influence. The close was steady at ⅝@¾c to ¾c net decline.

Traders in oats leaned to the opinion that buying of late had been overdone. Bear pressure, however, was not of an urgent sort.

Lower prices for hogs made provisions weak. Some of the selling was of a stop-loss character.

REVISE COURT RULES

CHICAGO, Thursday, Oct. 15.—"The appalling conditions," which Judge Petit found in the legal machinery of this city resulted yesterday in the adoption of some new rules by the judges. Chief among the changes is publication for continuous sittings of the grand jury. Judge Petit's investigation showed ninety-seven cases pending, some of them involving murder charges, which if not tried before the first Monday of November, will give the defendants the right to immediate liberty.

ALIEN OWNERSHIP OF LAND FAVORED

Realty Men Adopt Strong Resolution Urging Voters to Support Constitutional Amendment in November.

ADVANTAGES CLAIMED FOR PROPOSED LAW

More Taxpayers Will Be Brought Into State to Help Carry Burdens Now Imposed Only on Citizens.

Resolutions adopted by the Washington State Realty Association indorse alien ownership of land, and urge voters to support the only constitutional amendment on the ballot November 3. The proposed amendment is:

"Section 33.—The ownership of lands by aliens, other than those who in good faith have declared their intention to become citizens of the United States, is prohibited in this state, except where acquired by inheritance, under mortgage or in good faith in the ordinary course of justice, in the collection of debts; and all conveyances of land hereafter made to any alien directly, or in trust for such alien, shall be void; Providing, that the provisions of this section shall not apply to lands containing valuable deposits of mineral, metallic, iron, coal, or fire clay and the necessary land for mills and machinery to be used in the development thereof, and the manufacture of the products therefrom. Evepy corporation, the majority of the capital stock of which is owned by aliens, shall be considered an alien for the purpose of this prohibition; provided, however, that this section shall not apply to conveyance of lands lying wholly within the limits of municipal corporations when made to resident aliens. In the event of a resident alien becoming a non-resident for the term of five years, his interest in lands in the state of Washington shall be vested in the common school fund."

Resolution Adopted.

The resolution adopted by the State Realty Convention in Everett provides:

"That this association reaffirms its belief in the advantages of alien ownership of real property in the state of Washington and expresses confidence that amendment to the state constitution proposed by the last Legislature with respect to the ownership of real property by aliens will be proof of great benefit to the state and will materially aid in its progress and development; that opening to the aliens for investment will bring more taxpayers into the state to help carry the tax burdens now imposed only on American citizens, and be it further resolved that this association pledges its effort and influence towards the passage of the constitutional amendment as it is submitted to the people."

It is pointed out that Washington is the only Pacific Coast state in which aliens cannot own real estate. Real estate men take the ground that the pending amendment would be better for this state than the law of any other state, because the Washington amendment would permit only resident aliens to own real estate.

PROPOSED INITIATIVE MEASURES DISCUSSED

Central Council of Social Agencies Debates Bills at Meetings in Y. M. C. A. Hall.

State-wide prohibition as embodied in the provisions of initiative bill No. 3 was the subject of much discussion and debate at the meeting of the Central Council of Social Agencies, held in the Y. M. C. A. last night.

Considerable discussion centered about the question of when the bill will become effective should it be adopted by the voters. Questioned on this point, Lester Kirkpatrick, president of the Anti-Saloon League of the state, stated that there is a difference of opinion on the subject, and gave it as his belief that the supreme court will have to decide.

The Quincy irrigation project and the teachers' retirement law were also discussed. President Henry Landes and Dean John T. Condon, of the University of Washington, spoke in favor of the Quincy project, declaring that the expenditures necessary to its completion would be returned to the state through an increase in the area of taxable land. Councilman Oliver T. Erickson opposed the irrigation project.

Speakers in favor of the teachers' retirement law were F. B. Cooper, superintendent of school, and Prof. Otto W. Luther, of Queen Anne High School. Francis R. Singleton, secretary of the taxation bureau of the Chamber of Commerce, spoke in opposition to the plan.

Today's program included discussions of alien ownership of land at 3 o'clock this afternoon and the employment agency question at 7:45 o'clock this evening.

DEATHS AND FUNERALS.

FALK—In this city, October 14, 1914, Emil, beloved husband of Carolina Falk, nephew of Capt. Peter Falk and member of Elliott Bay Camp, M. W. A., aged 41 years.
