This perfumes the hair. 2—The hat with brim that rolls off the face is the most popular one this fall. 3—It is not the fashion to wear hats tilted to the side this season. 4—Maude is lavender with gray tints. 5—Three wedding gifts for the October bride are: A little mahogany book rack that can be moved about the room, a gold engraved china card tray and iced tea glasses. 6—Corn shucks can be worn into very pretty little baskets to be sold at a fair.

The Extra Stocking I was growing late and I left home with a rush, not even stopping to see if my hat was on straight. Across the aisle I saw a sailor whose face was lit up with a broad smile. I glanced down at the car and caught a man nudging another and nodding in my direction and there came a faint gasp from the girl sitting next to me. I looked at my stockings and I felt and jerked off a stocking, a sock and black stockings in the foot in it. I thought of the street car ride. —E. M. P.

TO BAR JAPANESE CHINESE OBSERVE INDEPENDENCE DAY

Senator Phelan Introduces Bill to Exclude All Nipponese Laborers.

Seattle Leaders Commemorate Revolution; Given Word of Advice by Educators.

WASHINGTON, Saturday, Oct. 11.—A Japanese exclusion bill was introduced in the Senate yesterday by Senator Phelan of California, as an amendment to the existing immigration law.

The bill would bar from the United States all Japanese laborers by extending the zone longitudinally and latitudinally to include the Japanese Empire.

The bill was introduced after the Senate committee on immigration had listened to testimony by Commissioner of Immigration Gambetti and Victor S. McClatchey, publisher of the Sacramento, Cal., newspaper, both of whom told of the heavy increase in the immigration of Japanese into the United States.

Senator Phelan said in introducing the bill that the so-called "gentlemen's agreement" is being violated in letter and spirit and that the Japanese population is growing to an alarming extent.

There are at present 100,000 Japanese in California, 50,000 more in other parts of the United States, and 100,000 in the Hawaiian Islands.

TO PREVENT KIDNEY AND BLADDER TROUBLES TAKE GINO PILLS FOR THE KIDNEYS

Modern physicians are almost unanimous in agreeing that most chronic diseases are purely the result of neglect. When it comes to Kidney or Bladder troubles, the truth of the old saying: "That an ounce of prevention is worth a pound of cure" is most apparent.

Kidney troubles are insidious. The first warnings are often so slight as to be hardly noticeable; generally they will be back, headaches, dizziness, a listless, tired-out feeling, specks floating before the eyes, gravel, brick dust deposits, or swollen joints and ankles.

While you don't feel that you are very ill and pay little attention to your complaints, the trouble develops, and before you realize it, you are in the grip of one of the dreaded Kidney diseases, such as Rheumatism, Sciatica, Lumbago, Neuritis, Inflammation and Congestion.

Be advised! Don't wait until a chronic condition has developed. Take Gino Pills if you have the slightest symptoms of Kidney weakness—and keep on taking them until you are sure the danger is over.

GINO Pills are easy to obtain. Sold everywhere for 50c. a box. Free sample on request.
