MACHINE GUN COMPANY

State Guard Will Have New Organization in Seattle.

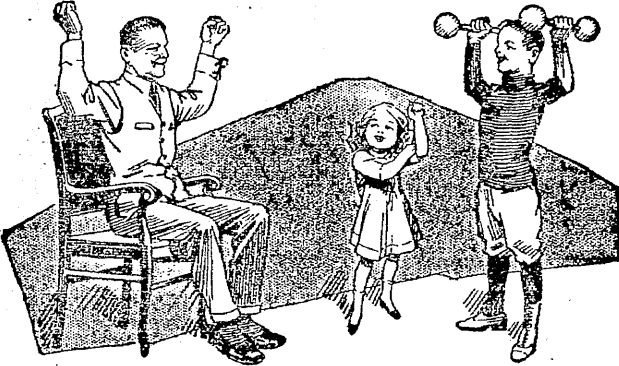

Organization of a machine gun company of the 3rd Washington National Guard in Seattle was announced yesterday by Brig. Gen. Maurice W. Thompson, The Adjutant General.

The present infantry machine gun company in Ellensburg will be turned into a machine gun troop as soon as the Seattle organization is mustered into service.

General Thompson said yesterday, Capt. H. G. Smart, chief clerk in the adjutant general's headquarters

and formerly company commander of the Machine Gun Company, 21st Infantry, is forming the Seattle organization. "I want to get as many former machine gunners as I can in the company," Captain Smart said. "All machine gunners have a partially toward that arm of the service despite the danger connected with it in actual fighting. During the late war machine gun organizations were given picked men and I would like to get an organization here of selected men that Seattle could be proud of as soon as the company is formed. Browning machine guns and equipment will be available. Captain Smart needs four machine gun officers, and former officers in interested in joining the Seattle company are asked to call at the Armory or telephone Main 6147.

Keep Fit For Success In Life

BY DR. A. B. BABCOCK

You can take your boy or out of him make anything you like if you can get him under good self-discipline. All roads are open to the man who is strong and fit. Uncle Sam took "our boys"—those slab-sided, stooped, hollow-chested youths—and made of them vigorous, well-developed, well set-up and courageous men. Take the right way! Train yourself and your children to take proper exercise, drink plenty of water and keep the system clean.

The first principle is to keep the system clean. Occasionally see that the boy or girl, as well as yourself, has an internal bath. It may be with castor oil or a tiny pill of May-apple, aloin and jalap, which is sold by druggists as Dr. Pierce's Pleasant Pellets.

If a cold starts with a cough and it persists, then some local treatment for this condition should be taken. A well-known alternative extract which has been on the market for a great many years, and which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of an extract of roots and herbs, without alcohol, and has a soothing effect upon the mucous membrane, allays the irritation and at the same time works in the proper and reasonable way, at the seat of the trouble—the stagnated or poisoned blood.

Girls! Your hair needs a little "Danderine"—that's all! When it becomes lifeless, thin or loses its lustre; when ugly dandruff appears, or your hair falls out, a 35-cent bottle of delightful, dependable "Danderine" from any store, will save your hair, also double it's beauty. Try "Danderine" and see!

Non-union Chinese coolies moving the first shipment of American whiskey to reach Havana, Cuba, in the rush from this country to avoid confiscation. A strike of the stevedores at Havana threatened to prevent ships from unloading their cargoes, but whiskey vessels, in haste to return for more cargoes, left whiskey on the docks, from which it was removed to warehouses.

BIZARRE STYLES IN SPRING HATS

Milliners Go to Stockyards to Get Material for Shiny, Brittle Substance.

BLASE PARIS GASPING

NEW YORK Thursday, Jan. 22.—Not satisfied with snatching the oil cloth from the kitchen table, the old horsehair sofa from the attic and the bristles from the lowly pig in a mad quest for something in the way of inspiration for 1920 summer hats, the Retail Milliners' Association of America now calmly announces that the stockyards and cannery factory have furnished the piece of resistance of coming cheapness.

America's Turn Now. Some daring soul thought of the gelatine used as a sealing paraffin by the large cannery factories. Experiment produced a shiny, brittle substance that made hats at which even blase Paris gasped, and now it is America's turn.

One daring milliner now has a crown of checkerboard ribbon with a sweeping coat collar of the same design. The gazer, for they make no effort to conceal any face, no matter how unattractive, and they are all, they flare high into the air and cast not the faintest shadow over their heads. The material of the old-time "mush-room" has been sounded.

Picture Bride Leaves Hubby He Asks U. S. to Deport Her

Oriental Maid Decides Her Spouse Won't Do—Misrepresented Finances, She Says—He Charges Trick to Enter Country.

IMMIGRATION officials are confronted by the case of a Japanese picture bride, formerly Miss Taka Hikoyma, who recently arrived from Japan, became the bride of N. Shibata, Japanese farmer of Kansas, and now does not like her husband's looks. Shibata is angry, his bride says she will not live with him, and a hearing impends to see whether the bride merely married him to enter the United States. Pending a decision, Mrs. Shibata is being cared for at the Japanese Hospital in Homestead.

Sugar Dealers Given Warning

Robert C. Saunders, United States district attorney, announced today that any merchants in Seattle found to be charging more than 12 cents a pound for beet sugar, will be prosecuted without delay for profiteering, and that the new rate of 18 1/2 cents established by the King County Fair Price Committee last week, applies only to the new shipments of cane sugar from San Francisco. Investigators for the district attorney have found, he said, that there is still more or less beet sugar available in Seattle which has not been disposed of by retail dealers. The district attorney announced that the 3-cent margin of profit allowed the retailer on the new cane sugar consignments must be rigidly adhered to, despite the protest of the fair price committee and dealers to the attorney-general, requesting a 3-cent margin of profit. Check of retail dealers' transactions is being made by investigators for the district attorney's office. Perfume makers are able to imitate the scent of all flowers of the jasmine by the scientific blending of various flower ingredients.
