HONOLULU, Friday, April 23.—  
(Correspondence of Associated Press.)  
—The Japanese Federation of Labor,  
which in January last called a strike  
of thousands of its members in the  
sugar cane fields of the island of  
Oahu and which is maintaining the  
walkout, has been invited to make  
application for affiliation with the  
American Federation of Labor, ac-  
cording to officials of the Honolulu  
Central Labor Council.

Recently officials of the council  
wrote the Japanese federation that if  
it would place its application in writ-  
ing the council would recommend  
that it be received in affiliation with  
the American Federation.
